

CITY IS WINNER

LOWER COURT IS SUS-TAINED IN MIL-LER CASE.

Cincinnati Men Interested in Stock Yards Ask For

MODIFICATION OF GOVERNOR'S ORDER

Prohibiting Importation of Tubercular Stock Into State.

Funds Provided to Meet Expenses Created by Thatcher Trial.

Joe Miller was charged with the violation of the 10 o'clock closing ordinance on July 17, 1938, and found guilty in Mayor Hobbs' court and fined \$100 and costs. The case was carried to common pleas court on error, where the judgment of the lower court was affirmed. The circuit court affirmed the judgment of both lower courts, (which has been affirmed by the supreme court in its decision rendered today.)

Columbus, O., June 22.—Among the decisions handed down by the supreme court today are the following:

Joe F. Miller vs. City of Lima, Allen county, judgment affirmed.

City of Cleveland vs. Commissioners Cuyahoga county, judgment affirmed.

Samuel Yeoder et al. vs. Walter Yeoder, Stark county, judgment affirmed.

Columbus, June 22.—President Biggs of the Union Stock Yard Company of Cincinnati, and Thomas H. Paxton, of the legal firm of Paxton, Warrington and Season, are in Columbus to ask for a modification of the proclamation recently issued by Governor Harmon, at the instance of the state live stock commission, prohibiting the importation of tubercular cattle for dairy and breeding purposes into Ohio. They claim that the order is being misinterpreted.

Columbus, June 22.—The state emergency board (road) will make an appropriation sufficient to cover the expense of the trial of the disbarment case against Attorney Chas. A. Thatcher, of Toledo.

The board will also allow State Highway Commissioner Wondol \$25,000 for road testing work.

ONE MORE LANDS.

Columbus, June 22.—State Mine Inspector George Harrison, today announced the appointment of Isaac H. Hild, ex-mayor of Canalville, a democrat, to succeed W. C. Wiper, of Malta, Morgan county, as deputy inspector for the fourth district.

BRIGHT AND EARLY

Reception Committee Began Extending Greetings of Cincinnati

TO VISITORS TO THE BIG TURNPIST.

Rains Prevented Drills at Stadium and Soaked Fair Grounds.

Cincinnati, O., June 22.—The large reception committee was up bright and early this morning to greet the incoming delegations of turners for the Great North American turnfest. So far twenty-five turner societies are reported and 1,500 active turners are now camping in the tent city at the Cathage fair grounds. Beside these thousands of visitors have come to join in the festivities.

The rain last night prevented the drills at the large stadium down town and deluged the fair grounds, where the turners sat in their army tents and over many a foaming glass of beer and sang German songs until far into the night.

JOAN OF ARC

Of Mexican Yagui's State Moved to Death.

Mexican, Mexico, June 22.—Isabel Villanueva, Spanish woman who figured in a sensational case of alleged kidnapping recently, stabbed herself to death yesterday. The woman declaring herself the Joan of Arc of the Yagui's sought to inspire the Indians to revolt against the Mexican government.

LIABILITIES OF MILLION DOLLARS.

New York, June 22.—Alleging liabilities of \$1,000,000 a petition in bankruptcy was filed yesterday against the Leeds and Carlin Company, manufacturers and wholesale dealers in dice and calendar records for talking machines by Leonard Groner, attorney for several creditors. The petition alleges that the company is insolvent, made preferential payment of \$10,000 and transferred assets of \$50,000.

BLOUNT LAWYERS TO APPEAL CASE.

New Orleans, June 22.—That an appeal will be taken to the United States supreme court by his attorneys was the announcement made here today by Avery Blount, condemned to death for the murder of "Buz" Bressland, his wife and daughter, in Tangipahoa, a parish in Louisiana, a few months ago. The supreme court of Louisiana has affirmed the decision of the lower court, condemning Blount to death.

PHOTOGRAPHER AND TOPOGRAPHER.

Seattle, Wash., June 22.—The first expedition ever sent out by the National Geological Survey of Washington, D. C., to study the big glaciers of Alaska will sail from Seattle on the steamship Portland on Tuesday, to remain in Alaska to make scientific investigation until late in September.

EDWARD KAUFFMANN

And First Cousin, the Son and Daughter of Two of Pittsburgh's

RICH MERCHANTS WED IN NEW YORK.

Special Train Engaged to Carry the Guests to Wedding.

New York, June 22.—Edward J. Kauffmann, son of Isaac Kauffmann, and his first cousin, Lillian Kauffmann, daughter of Morris Kauffmann, all of Pittsburgh, came here last in a special train and the first cousins will be married this evening at the St. Regis hotel, where arrangements have been made. Pennsylvania laws prohibit the marriage of first cousins and for that reason they came to this city.

The fathers of the young man and young woman are proprietors of one of the largest dry goods stores between New York and Chicago. Miss Kauffmann said she had known her cousin all her life but had been engaged to marry him only recently.

Two special trains of Pittsburgh guests are expected today.

TWO DISMISSED

Arrested on Suspicion But Explained.

George Sahaney, a Syrian, was arrested on the Public Square Monday evening by Officer Sullivan on suspicion. The defendant had a fair cargo of liquor on board, and two boxes of jewelry, one necklace and two pocketbooks. When brought before the mayor Tuesday morning he made a satisfactory explanation of the property he had in his possession and was released.

Edna Perkins, a colored girl, 19 years of age, was arrested by Officers Kelly and Conway on suspicion of being a shoplifter. The case did not materialize and the defendant was released.

GOULD ESTATE

IN PORT WASHINGTON, AND LYNCHBURG, VIRGINIA.

Produce a Large Array of Servants to Testify for Plaintiff.

SEVERAL MORE DAYS OF DOMESTIC

Tales Assured Before All of Them Have Told How Model

Mistress Gould Habits Are and How Choice is Her Language.

New York, June 22.—The task of rebutting the testimony of using profane language and intoxication on the part of Mrs. Katherine Clemons Gould, who is suing her husband, Howard Gould, for a separation and alimony, was continued at the trial today. The array of rebuttal witnesses includes housemaids, butlers, gardeners and various other employees from the Gould estates in Port Washington and Lynchburg, Va., and stewards and other servants from the Gould yacht Niagara. The trial has almost resolved itself into a battle of domestics.

Mr. Shearn, the plaintiff's attorney, said today he had about 20 more witnesses to call and that Mrs. Gould would probably testify again. The case is expected to occupy several more days of court.

James J. Branon, who was employed as a foreman at Castle Gould from May, 1904, to May, 1906, testified that he often met Mrs. Gould on the estate and never saw her intoxicated or never heard her use profane language.

Frank J. Bolin, a chef, employed at Castle Gould in 1905, testified that Mrs. Gould gave him his instructions about the bills of fare nearly every day between 9 and 10 o'clock in the morning. She often asked him to add a particular dish to the menu for Mr. Gould, he said. Bolin was chef aboard the yacht Niagara during the summer of 1903 and again in 1905. The witness said he never saw Mrs. Gould under the influence of liquor or heard her swear at the servants.

Morris Benach, a member of a firm of hair dressers for women, testified that he had dressed Mrs. Gould's hair on many occasions from 1902 to the present year. He remembered one particular instance in February, 1906, when Mrs. Gould attended Mrs. Lausbury's wedding at St. Thomas church, in this city, which Mr. Shearn asked him about. The witness said Mrs. Gould showed no signs of having drunk any thing at that time. There was an allegation in the complaint charging her with intoxication on that occasion.

The witness said he accompanied Mrs. Gould to Palm Beach and dressed her hair twice a day while there at 10 o'clock in the forenoon and again in the evening.

"How long does it take to dress a lady's hair?"

"If you are very particular it takes an hour, some times less," the witness answered.

The witness said he had never smelled liquor on Mrs. Gould's breath, or seen her under its influence upon any of the occasions when he had dressed her hair.

MAN

With Wheel Chained To Have Invented Perpetual Motion.

New York, June 22.—Another man registered a claim today as a discoverer of perpetual motion. He is Frank Mahon, a white-haired carpenter of Brooklyn, who has invented a wheel with 12 spokes. The each spoke is a sliding wheel which is connected with a piston on the spoke behind. These sliding weights, Mr. Mahon says, make one side of the wheel heavier than the other. This gravity makes the wheel revolve. Fearing that some one might steal his invention Mahon would not show it until he hears from the patent office.

DETROIT HAS THE PLUMBERS.

Detroit, Mich., June 22.—Master plumbers from every section of the United States, about 700 strong, are here for the 27th annual convention of the National Association of Master Plumbers which opened today. The plumbers will be here for four days. Pleasure is plentifully interposed with the business sessions. The sessions of the convention will be held in light gas armory, where also has been installed a large exhibition of plumbing tools.

A ball at Harmon Hall, automobile trips about the city, a moonlight excursion on the river and an all day trip up to the St. Clair lake are among the pleasures planned.

COMPANY AGAIN ON SOUND BASIS.

Chicago, June 22.—The receivership of the American Straw Board Company was formally terminated today. All ancillary receiverships, it was stated, have been concluded. Today's action was fore-ruled some time ago when the receivers reported to the court that the company was again on a sound footing.

YOUNG OF MICHIGAN

Drops Bill in the Hopper to Control Issuance of Injunctions.

WOULD ALLOW FEDERAL COURTS

To Grant Them Only After Hearing on Bill of Equity.

Washington, June 22.—The regulation of the issuance of injunctions is provided for in a bill introduced yesterday by Representative Young of Michigan.

The latter would allow preliminary and interlocutory injunctions to be granted by the federal courts only after a hearing has been held on a bill in equity asking for the injunction. An order to show cause would be served upon the defendant at least four days prior to the hearing.

When a temporary restraining order was granted the applicant would have to file a bond to the amount of the injury which is claimed would be done by the act sought to be enjoined. The temporary restraining order would continue in force until the application for the preliminary injunction could be heard and decided.

PHIPPS GIVEN BREATHING SPELL.

Columbus, June 22.—Governor Harmon will not likely make any attempt to put W. L. Finley, democratic state chairman, in W. H. Phipps' place as state oil inspector until after he is given a copy of the report of the examination of the affairs of the office which will hardly be ready before the end of the week. The governor asked for information relative to the examination, but was informed this would not be at his disposal until the report was completed. The report goes back into the time that Mr. Finley was in the office.

NOTICE POSTED OF INCREASE.

MISSING LING

IS WORKING CHINESE TRICKS ON N. Y. POLICE.

Word of His Arrest in Various Places is Followed Up

BY MESSAGES WHICH ANNOUNCE

That Chinaman Held is Not the Chinaman Badly Wanted.

Chink Restaurant Keeper Held in Jail as a Witness.

New York, June 22.—With one Chinaman in custody in this city and another detained in Schenectady and a report that a third was held under suspicion in Revelstok, British Columbia, the mystery of the murder of Elsie Siegel was still unsolved today. All the evidence obtainable by the New York and Schenectady police indicate that the man under arrest in Schenectady was not Leon Ling. It is believed that the man is really Chu Hop.

The police stated today that they have received no official notice of an arrest at Revelstok, B. C.

New York, June 22.—Police Inspector McAtey said today that he had confidence that Leon Ling, wanted in connection with the murder of Elsie Siegel had been arrested at Revelstok, B. C. A few hours after the murder was discovered, the police all over the country were asked to watch out for Ling and his roommate, Chung Sin, who were believed to have started for Vancouver.

As soon as work was received about the Revelstok arrest last night the inspector wired for further information.

The telegram received by the police said there was no doubt that the prisoner was Leon Ling but did not furnish proofs.

The man was taken from a Canadian Pacific train bound for Vancouver and appeared to be a modernized Chinaman who spoke English fluently. If, on receipt of additional information, the New York police are satisfied that the Revelstok prisoner is Leon Ling, detectives will be sent there immediately to bring him back.

Chu Gan, the manager of the Port Arthur restaurant, in Mott street, who was arrested Saturday charged with aiding and abetting in the escape of Leon Ling and Chun Sin, was discharged in the Tombs court today by Magistrate Cornell.

In the belief that his testimony might be of help in unravelling the mystery of the killing of the Siegel girl, with whom he maintained a regular correspondence, Chu Gan was rearrested at once and placed in the house of detention where he will be held as a witness.

Vancouver, B. C., June 22.—The reported arrest of a Chinaman supposed to be Leon Ling at Revelstok, B. C., is erroneous. It is believed, however, he may be one of a carload of Chinamen who will arrive at Vancouver today or tomorrow. The Chinamen are coming from the east in bond and are en-route to China.

Schenectady, N. Y., June 22.—A detective from New York, and Mr. Siegel, brother of Elsie Siegel, arrived in this city this morning for the purpose of identifying the man held here in connection with the murder of Elsie Siegel, as William H. Leon, or Leon Ling, who was a former sweetheart of the dead girl.

When the prisoner was brought before Mr. Siegel the latter declared the Chinaman was not William H. Leon, or Leon Ling, the alleged murderer of Miss Siegel and that he had never seen the prisoner before.

It was later decided that the prisoner has fairly made out his identity as Chu Hop and that he should be released as soon as certain formalities have been complied with.

South Bend, Ind., June 22.—George Lee Kim, a Chinaman, who was arrested at Mishawaka, Ind., yesterday, on suspicion that he knew something of the murder of Elsie Siegel, in New York, was released today.

Pittsburg, Pa., June 22.—Answering in every detail the description of Leon Ling wanted in New York in connection with the murder of Elsie Siegel, a Chinaman was arrested here at 8:45 a. m. a few moments after he had left an eastern train. After three hours of close questioning the authorities, apparently satisfied that he was not the man wanted released the frightened foreigner.

New York, June 22.—Chun Sin, the friend of Leon Ling, gave yesterday severe questioning this afternoon and made an important statement to District Attorney Jerome. It was reported at first that Chun Sin said he saw Leon Ling and Elsie Siegel to death. This was not exactly correct, the district attorney said, but he added to the reporters, "You will find it a long story and you will have to wait until a statement is written out."

Indianapolis, Ind., June 22.—The Hoon Soon Tong, known among English speaking people as the Chinese Masons with headquarters in this

CHICAGO

Shows Wonderful Increase in Mer Tax Duplicate.

Chicago, June 22.—Chicago's real and personal property valuations for 1939 show an increase of more than \$122,000,000 according to the figures announced by the board of assessors yesterday. This increase is compared with the board of review's totals for 1938, as the revision this year will not begin until July 7.

The society is the most powerful society in the Chinese world and 90 per cent of the Chinese in this country are members of it. This is the first time the society has made an effort in aid of the police to capture a Chinese murderer.

Chu Gan was taken before Coroner Harburger and closely questioned as to his acquaintance with both the Segal girl and Leon Ling. He said he knew Elsie Segal at whose home he said he had visited.

He denied that he was engaged to her. He also denied that he had ever made love to the young woman and declared that only in her letters to him had she ever displayed affection toward him. Miss Segal often visited his restaurant but always accompanied by her mother. Her last visit as far as he could recall was two days before her disappearance at which time Mrs. Segal and Mrs. Florence Dodd, a Chinatown missionary were in the party.

He said that he knew Leon Ling, but the relations existing between them were of the most formal character. He had never loaned him money or exchanged confidences with him.

After his examination by the coroner Chu was released on \$1,000 bail.

MAYOR JOHNSON WELCOMED THEM.

Cleveland, June 22.—About 150 newspaper circulation managers met in annual convention here today.

Reports, roll call and sight seeing made up the first day's program.

The newspaper men were welcomed by Mayor Johnson, who flayed newspapers in general.

NEW YORK PARENT

Refuses to Pay One Dollar Fine or to Whip His Son.

PRESENTS HIS VIEWS TO COURT

On How to Develop Best There is in the Growing Boy.

New York, June 22.—Adolph Duetz, Sr., refused to pay \$1 fine in the children court yesterday for his 14-year-old son, because he believed that the court was wrong. The judge had ordered the father to whip the boy or pay a \$1 fine. Mr. Duetz protested saying there are better ways to bring up children in the path of righteousness than beating into them an appreciation of right and wrong. Once show a boy it is his ultimate advantage from every viewpoint to behave himself, to be square and to do the right thing and if he is a chap with a spark of ambition he will take your kind advice and profit immensely by it. You cannot appeal to my boys the use of a strap. I will not beat him on your order nor will I pay the \$1 fine.

Duetz was later shown that he would have to pay the fine or be locked up and he paid it under protest with the promise to carry the matter to a higher court.

AT THREE O'CLOCK

Service Board and Street Committee Will Meet.

This afternoon at three o'clock a joint meeting of the Board of Public Service, the city engineer, and the committee selected by the Market street property holders will convene. The latter includes Messrs. E. B. Mitchell, E. R. Curtin, Henry Wimmer, C. F. Lufkin and Thos. G. Laney and together with the official board they will go carefully over the recently submitted bids for the paving of the street in question, so that some report can be made at the meeting of the property owners this evening.

RACE SUICIDE

Is Not in Crowd of King and Queen of Spain.

Lagranja, Spain, June 22.—Queen Victoria gave birth to a daughter at 8:25 a. m. today.

STATE POLICE

CALLED TO PROTECT WORKMEN ON HIGHWAY

From Italian Women Who Said Husbands Had Been Promised

EMPLOYMENT BY THE CONTRACTORS.

Other Foreigners Forced to Seek Nearby Woods For Safety.

The Air Being Satiated With All Kinds of Missiles.

Washington, Pa., June 22.—Armed with guns, clubs, stones and other weapons, a score of women prevented thirty-five laborers from commencing work on a proposed new highway near here. From 7 o'clock a. m. until late last night the women remained at their posts and not a stroke of work was done by the laborers.

The township supervisors have sent for a detachment of state police who are expected to arrive today to prevent a possible riot.

The trouble began when a contractor appeared at Avella with a gang of men to begin work on a road leading from Avella to Independence. Wives of Italians living in the vicinity of the road claimed their husbands had been promised the work. Other men were given employment and when they were ready for work the band of infuriated women swept down upon them, and for while the air was filled with missiles and the laborers dropped picks and shovels and ran to the shelter of a nearby wood.

Bloodshed is feared if any further attempt is made by the laborers to resume work. It is stated that the husbands of the angry women stand ready to open hostilities.

Washington, Pa., June 22.—Serious trouble which was anticipated today from local Italian men and women when imported foreigners were put to work constructing a road between Avella and Independence did not materialize and the riotous scenes of yesterday were not renewed probably on account of the presence of a large force of special police and report that the Pennsylvania state constabulary would arrive here in the event of further disorder. The local Italians an their wives who resent the importation of laborers to do the work, were present today but offered not the slightest resistance.

SPECTACULAR JUMP

Milwaukee Doctor Puts Circus Leap of Death to Shame.

SHOT HIS AUTO OVER TEN FEET

Of Space Fifty Feet Above River and Hastened on to Call.

Milwaukee, Wis., June 22.—Leaping the gap as performed in the circus is a simple feat compared with the experience of Dr. William E. Dury of this city, yesterday, when his automobile made a spectacular jump across the ten foot space between the rapidly rising wings of the bascule bridge at First avenue viaduct. Dr. Dury was hurrying on an emergency call when he approached the bridge. The viaduct at this point is nearly fifty feet above the river. When he approached he did not hear the warning cries of the bridge tender until his machine, going at a rapid rate was upon the north life. Then he found the bridge was ascending slightly below that on which he was ascending. Putting on full power his machine leaped the crossing to the south arm.

LIGHT SENTENCE FOR HEINOUS CRIME.

Cl and, June 22.—Solomon Lew of New York, was found guilty here today on the charge of engaging in the alleged white slave traffic. He was fined \$100 and sentenced to three months in the work house on the testimony of Gusio Cohen, 17 years old, who was formerly employed in a Brooklyn box factory.

The police claim to have rescued several girls who they say were snatched from their homes in New York and brought here by Lewis. Lewis is said to be in the laundry business on Houston street in New York. The girl will be sent home.

LOCAL TAXES WILL INCREASE IN MANY CITIES AND COUNTIES.

This Will Be Because of Local Conditions in Each of Them.

LEVY FOR STATE NEEDS IS SAME.

Gov. Harmon Continues His Unearthing of Much Graft.

(By Orvel C. Riddle)

Columbus, O. June 22.—At this time county commissioners and city councils are fixing up their local tax levy for the ensuing year.

A survey of the state would show a remarkable decrease in the levies put on personal property of assessors in a number of counties this year. This may be traced to several causes, but the least of which is the paucity of the past two years. It is hardly necessary to state that this was not a democratic panic.

In a number of counties the commissioners have found it necessary to increase their local tax rate. This is true of democratic counties and republican counties alike, so that there is no politics in it. The reasons given are in most cases the same—the loss of liquor tax, (in dry counties,) the decennial reappraisal, (hereafter to be quadrennial reappraisal,) assessments under the new state road law so as to obtain the allotted share of state aid through the state highway department, and local improvements.

Some of the dry counties will get through without an increase, as other funds will be shaved to make up what the county poor fund heretofore derived from the saloon tax.

All of the four larger cities are threatened with a higher tax rate, and all of them receive large revenues from the saloon tax. The reasons differ. Cincinnati is having special bond issues for local improvements, Cleveland for hospitals, Toledo for schools, and Columbus for general purposes. Some of the smaller cities that are not also will have increased taxes for local purposes, others that are dry on account of the loss of the saloon tax, still others will pull through by reducing the police force or paring other funds to make up for the loss of revenue from saloons.

It will be seen therefore that local taxes will increase in a number of cities and counties for reasons that are entirely local. The state levy remains the same, (1345 mills per \$1,000) so that no part of the increase in taxes in the counties and municipalities is for state purposes. This is an important fact to keep in mind.

Not many weeks ago a number of republican papers published the statement that Governor Harmon's administration would mean more taxes and that the governor was looking about him to see where the increased taxes could be put on. Of course the charge was false, because Governor Harmon urged the legislature to create one state tax board to take the place of a dozen ex-officio boards so as to prevent it at every thing by better enforcement of the laws who have to make up the state's loss of revenues.

It will be well to remember, therefore, when it comes time to pay the increased taxes of cities and counties next year the reasons that were given when the local rates were fixed, all of which are entirely local and none of which can be traced to Governor Harmon's administration.

When certain republican papers

TYPE FOR BUREAU

Given Relief in a Night and Make Complete Cure in Short Time.

The remarkable demand for Hokara the skin food, at Wm. M. Melville's is not surprising when it is remembered that even in the worst cases of eczema it stops the itching with the first night's application begins to heal up the diseased skin almost immediately and cures chronic cases in a few weeks. In lesser troubles, such as pimples, blackheads, barber's itch, acne, rash, etc., a few days use will usually cure.

In order that no one may be kept from using Hokara by the cost a liberal sized jar is sold for 25c at Wm. M. Melville's drug store. Furthermore, if Hokara does not do all that is claimed for it, even this small sum will be returned.

And since Governor Harmon made the board bi-partisan with a democratic secretary the amount turned in amounted to \$29,650 in less than six months without any state fair receipts. That's pretty good reason for an investigation, isn't it? There ought to be more democrats at the state house.

Many of our citizens are drifting towards Bright's disease by neglecting symptoms of kidney and bladder trouble which Foley's Kidney Remedy will quickly cure. Enterprise Drug Store, M. M. Keitner, Prop.

ELLIS BARTHOLOMEW

Sentenced to Leavenworth Penitentiary for 18 Months.

CONVICTED OF DEVISING SCHEME

To Defraud and Using the Mails to Carry Out Plans.

Ellis Bartholomew, bank and railroad promoter of Toledo, who was arrested two months ago on the charge of using the mails to defraud, (the charge being made by the American Bankers' Association, has been sentenced by Federal Judge Taylor to serve 18 months' imprisonment in the United States penitentiary at Leavenworth, Kas.

Bartholomew gave a \$5,000 bond to file a motion for a new trial in 20 days.

Bartholomew was charged with devising a scheme to defraud, and using the United States mails in the furtherance of that scheme. The offense was committed, according to the indictment, on January 2, 1907.

Bartholomew had a bank at Galion, O. Because of the fact that he was the head of the bank, he secured from the Bankers' Money Order exchange a book of money orders.

These, under the law, are to be sold to people who want them, and the money sent immediately to the bank—exchange.

Bartholomew is charged with selling the money orders issued to the Galion bank and of using the proceeds for himself.

Ellis Bartholomew is well known in this city, where he lived for several years, during which he devoted his time to inventions and their promotion.

Chamberlain's Cough Remedy the Best on the Market.

"I have used Chamberlain's Cough Remedy and find it to be the best on the market," says E. W. Tardy, editor of The Sentinel, Gainsboro, Tenn.

"Our baby had several colds the past winter and Chamberlain's Cough Remedy always gave it relief at once and cured it in a short time. I always recommend it when opportunity presents itself." For sale by all druggists.

JUNE.

Bride of the northland year, Scented with fragrance of hope and cheer.

Clothed in staple green, and roses Rich in promises, she neatly poses.

In the cool inviting shade, Free from busy marts of trade, Waves of sunlight, trickle through Mounds of green, between the blue.

Balmey nights, that woo and win, Lovers meeting, laugh and sing Merrily, the hours flee White beneath the trying tree.

All the air is filled with sweetness, All of nature vies in neatness; Matin music and twilight hues Eyes are feasting on scenic views.

Clouds collect in mammoth domes, Fringe the horizon with snow capped thrones; Signal lights, at night declare Local showers are due—beware.

Every breeze wafts sweet perfume, More than you or I consume; Lavis in her beautiful gifts Stimulates, and man uplifts.

LEAGUE LEADERS WERE TAKEN INTO CAMP BY MARION DIGGERS.

Ralph Munk Supplants Spitt. ball Miller in Second Inning.

MARION TEAM IS IMPROVING.

Portsmouth Shut Out by the Lanks.—Rain Carded at Newark.

GAMES TODAY.

Portsmouth at Lancaster. Managed at Newark. Lima at Marion.

Yesterday's Results. Marion, 7; Lima, 1. Mansfield vs. Newark. Rain. Lancaster, 1; Portsmouth, 0.

How They Stand.

Clubs.	Won.	Lost.	Pct.
Lima	20	18	.525
Lancaster	24	19	.558
Mansfield	25	21	.543
Portsmouth	22	26	.458
Marion	22	29	.432
Newark	21	31	.404

By F. L. Kramer. Marion, O., June 22.—It is now beginning to look as if Marion had hit a winning streak and with an even break with luck the Diggers appear as strong as any of the teams. The league leaders were taken into camp for the second time Monday in as many games of the present series. Aided with passes, a bundle of good hits and an error the locals scored seven runs in the first two innings while the best effort of the Cigarmakers was one run resulting from a pass and a hit.

About 300 fans saw the trick turned and were given a good exhibition for their money. The big lead secured by the locals took much of the ginger out of the visitors and as there seemed but little doubt to the result, the interest of the fans lagged a trifle. However they were taking no chances on the visitors making a hash like that of the locals Sunday, so very few left the park until the final frame was over. Some pretty playing featured the contest with the hard and timely stick work of the locals.

Ray Hancock was selected by Manager Lewis to do the heating and although Hancock informed him that he was not right and would prefer to wait until Tuesday, he was told that today was the real time for him to win and he went to the mound with this thought. He twirled in beautiful style, allowing the Cigarmakers but five hits which he kept singled out. Three hits came scattered in the first six frames with no passes during this time and the result was that Lima never had a chance to score. Then Hancock began to feel perfectly safe and eased up a trifle with the result that Lima counted in the seventh, but what mattered one run. Hancock was given fine support. Two double plays being pulled off on the infield while the gardeners got every thing that was possible and much came near pulling one down that looked impossible.

Walter Miller, the spit ball artist on whom Marion once laid claim, was in the box for the visitors at the opening. Miller lasted just one inning and in this short time he was given his pumps for sure. A pair of singles with a pass sandwiched and followed by a home run netted four runs and proved the undoing of the Lima bunch. Munk was sent in to replace Miller for the second, but for Fink's error Munk would have gotten away fairly well, but as it happened three runs were made in his first round of delivering the pill. After this inning he worked in good shape, but three scattered hits being made which brought no fruit.

Willoughby put Miller in an awful bad hole in the first inning, single handed. He caught one of the pitcher's senders on the nose and returned it with great force. Miller's effort to knock down the hit resulted in the ball carrying off his bare hand towards short and Willoughby beat it out. White Wolfe pilfered second and set Miller crazy by stealing third. Wolfe was then tossed. Miller being unable to locate the plate. On the first ball pitched to Farrell, Wolfe pilfered second and Farrell scored the two runners with a drive to left. Williams flew out to Reilly and Staley followed with a grounder to Newham. Farrell being taken at second. Johnstone then met the leather with terrific force, sending the sphere to the right center. Staley scoring on the blow while on reaching second Johnstone was surprised to find that the ball had left the park through a hole under the fence and he completed the journey home.

Hancock was the starter of the trouble in the second inning by working Munk for a pass. Willoughby repeated his act of the first inning by returning one to Munk. The ball hitting the pitcher in the stomach and doubling him up. He looked for the ball in his cramped condition, but it was no place to be seen. When he straightened up the pill dropped from his hiding place, but it was too late to catch anybody. Wolfe fouled out trying to sacrifice and Farrell out to Fouts. Fink then boot-socks were clogged. Staley did the unloading act with a terrific smash far over Fouts's head which counted for three bases. Johnstone ended the inning with a pop to Newham.

The only run of the Cigarmakers came in the seventh while they were beat out of a second by a beautiful piece of work by Farrell and Staley, the former having taken Wolfe's place at short. Miller was first up and secured the first pass issued by Hancock. Fouts died on a grounder

to Staley, Miller taking second and scoring when Sykes hit one against Sykes stole third, but was held there on Newham's fly to Zmich. Hancock knocked down Wolfe's hard grounder and Farrell did some fast work in recovering the ball and retreating Weller at first by a step.

BATTLE OF PITCHERS. Lancaster, O., June 22.—McGuire came out victor in a pitchers' battle yesterday and shut Portsmouth out. He had excellent support. A one-handed stat by Humphreys, which resulted in a double play, was the feature of the game. A double by McGuire and Humphreys' single scored the only run of the game. The score:

CANAL ZONE Has Developed High Class Lot of Fans.

New York, June 22.—Base ball follows the flag even in our hot tropical possessions. In the Panama Canal zone two leagues played a series of games during the season just closed there. The sport has taken such a hold on the people that it is proposed to put up a new baseball park prior to the opening of the next league season. The Panama railroad company has granted the ground for the purpose, and the business men of Colon are contributing to a fund for the erection of the enclosure and grandstand. The games drew attendance varying from 600 to 1200 each game.

LINKS LEADS. Linke, who last year was with the Cigarmakers, leads the American Association as the best pitcher who has worked in over ten games, with ten victories and four defeats. His average is 741.

CASH SUPPLY Is Too Short for Trip to Japan.

Madison, Wis., June 22.—It does not seem likely that the ball team of Wisconsin University will make its contemplated trip to Japan to play a series of games with the team of Keio University of Tokyo. It will require \$4,000 to pay the expenses of the team on the trip and while the Japanese are willing to contribute \$2,000, it will be necessary to raise \$2,000 by subscription from alumni now attending the commencement exercises or in some other manner. The athletic council has declined to finance the project. A movement has been started to induce the wealthy alumni of the university to subscribe the necessary \$2,000.

FUNERAL OF DOVEY

President of the Boston League Club Was Largely

ATTENDED BY BIG BASEBALL MEN

Who Sent Beautiful Floral Tributes in Honor of the Dead.

Philadelphia, June 22.—The funeral of George B. Dovey, president of the National League Club of Boston which occurred today was attended by many prominent baseball men throughout the country. All members of the Boston National League team and also the Philadelphia National League team attended the funeral in a body. Interment was made in Mount Gory cemetery. The honorary pall bearers were President Harry C. Pulliam and Acting President John C. Hilder, representing the National League; Barney Dreyfuss and Wm. H. Locke, of Pittsburgh; Wm. Shultsline and Wm. Murray, Philadelphia National League Club; Benjamin F. Shibe and S. H. Jones, Philadelphia American League Club and Chas. J. Laws, Boston National League Club. The active pall bearers were Player, Ferguson, Lindamen, Dahlen and Beaumont, of the Boston club. Many floral emblems of beautiful design were received. Out of respect to the memory of Mr. Dovey all National League ball games scheduled for today were declared off.

Of Interest to Farmers and Mechanics. Farmers and mechanics frequently meet with slight accidents and injuries which cause them much annoyance and loss of time. A cut or bruise may be cured in about one-third the time usually required by applying Chamberlain's Liniment as soon as the injury is received. This liniment is also valuable for sprains, soreness of muscles and rheumatic poisoning resulting from an injury when Chamberlain's Liniment is applied before the parts become inflamed and swollen. For sale by all druggists.

Children Cry FOR FLETCHER'S CASTORIA

THE MARKETS.

New York, June 22.—Traces of uneasiness and feverishness following yesterday's break in prices were still perceptible in the opening stock market today. There were large dealings and prices moved sharply in one direction or another. Running sales of 4,000 shares of Southern Pacific were made at 127 1/2 and 127 compared with the close last night of 127 1/2. Union Pacific on the other hand rose a fraction, and the preferred 1 1/2. United States Steel de-

RAILROAD BREVITIES.

Heavier Tonnage. All railroads in the Pittsburgh district are handling more than 50 per cent as much tonnage as they did in 1907, when they were operating to capacity, and the higher official feel confident that the high mark of two years ago will be reached within the next month. They also assert that they are handling this business with less effort than in 1907, on account of the increased facilities installed during the last two years. Shippers have advised the carriers that many of their plants are being operated to capacity and that there will be a still greater increase in railroad tonnage as soon as the material is ready for shipment. The demand for freight cars has been much greater than at any time in the last two years, and the surplus equipment at present is scarcely noticeable on some of the main lines.

C. M. & D. Tip. New York, June 22.—There has been a sharp rise in the price of Cincinnati, Hamilton & Dayton 4 1/2 per cent notes—from 66 to 70 bid. It is believed that this rise is due to the fact that sufficient deposits of notes have been made to assure the success of the re-adjustment plan. On the successful conclusion of this re-adjustment plan it is believed that the notes will justify a price considerably above 80.

To Record Verdict. Washington, June 22.—The mandate of the supreme court of the United States in the anthracite coal road cases, involving the validity of the commodity clause of the railroad rate laws, which was issued last week, is in the hands of the attorney general. The mandate was prepared and issued at the request of the attorney general, who is considering the courses to be pursued in the United States circuit court for the eastern district of Pennsylvania, where the case originated, as that court was reversed. In support of the constitutionality of the law it will be necessary for the lower court to take the matter up anew and record a verdict in accordance with the direction of the supreme court, and presumably this will be done under the guidance of the attorney general.

Loss of Millions. Chicago, June 22.—A bulletin made public here yesterday by the Bureau of Railway News and Statistics shows that the operation of the 2-cent fare law in Illinois cost the railroads of the state \$15,609,900 during the last fiscal year. On this point the bureau takes issue with the report of the railway and warehouse commission which states that the roads showed an increase of nearly \$2,000,000 in earnings because of increased travel due to the lower rates. This showing in the report is said to have been due to a change in the method of accounting, and not to inaccuracy.

Use Steel Wheels. Pittsburgh, June 22.—The awarding of big contracts for rolling stock by the railroads has developed the fact that an agreement has been reached between the railroads and steel car wheel manufacturers on specifications for car wheels. For a time it looked as though the steel wheel controversy would cause a further delay in awarding contracts for freight cars, but it was announced Saturday that all trouble is over for the present, at least, concessions will be required this year for the new equipment being built and to replace the wheels used on the cars in service at the present time. Certain changes have been made in the specifications which, railroad officials assert, will mean a big saving to the railroads in repairing cars. Figures compiled by some of the larger systems show that expenses due directly to defective car wheels have been increased fully 200 per cent in the last five years.

On account of the increased demand for car wheels it was stated Saturday that the United States steel corporation will begin work in the near future on the construction of a \$3,000,000 steel car wheel plant, for which President W. E. Corey announced plans when in Pittsburgh several months ago. Local officials have not selected a site for the new plant.

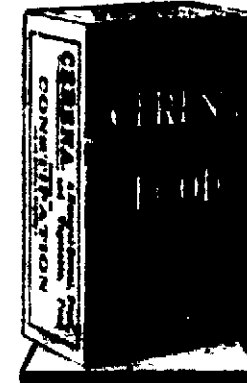

C. P. Train Held Up. Vancouver, B. C., June 22.—Canadian Pacific train No. 37, west bound, was held up at 10 o'clock last night near Kamloops, by four men.

Arbitrators Meet. Atlanta, Ga., June 22.—The Georgia railroad arbitration board met this morning to begin taking testimony in the dispute in the case between the railroad and its white firemen.

Theme Is Coal Rates. Toledo, June 22.—Adjustment of freight rates, which Ohio coal jobbers say now favor West Virginia operators, will be the principal theme of discussion in the meeting of coal dealers of Ohio, Michigan and Indiana, which began here today.

The Most Effective, Certain Cure for Constipation Ever Found is CERENA

A Cure for all Stomach Disorders, and A Delicious Food As Well

JUST quit taking medicine for constipation. Quit; no cathartic, pill or powder ever cured constipation, or ever will. Pills, powders and cathartics will move the bowels, but you know that after every dose, your bowels are in worse condition than they were before. They can't cure constipation and everybody knows it. They've had to take to the pill-box because no better constipation treatment was found.

Now, there is no more excuse for pills. There is a cure, a certain cure, and the cure is Cerena. Cerena is a delicious food and tissue builder as well as the only certain treatment for constipation, indigestion and biliousness. Let your food cure you! Your long-lived, clear-headed, constipationless 85-year-old grandfather did it. Why don't you? It was the food they ate that made them well and kept them well. It is the food we don't eat that keeps us sick, thick-thin and weary.

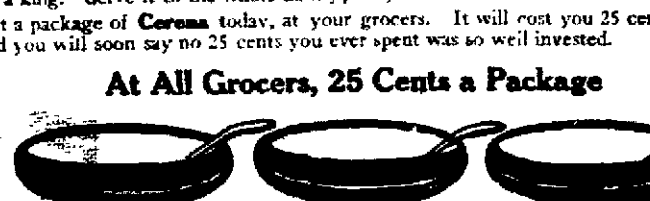

Cerena, though a remarkable remedy, contains no medicine, no drugs; it is made of the most nutritious, selected cereals, combined in a clever way with the essences of life-giving fruits and vegetables—a combination which has never been equaled by any treatment so far known, for the positive cure of constipation, indigestion, fermentation, dyspepsia, lazy liver and biliousness. You will positively be surprised at the natural effectiveness of Cerena. You'd forget you ever had lazy bowels.

Do you know that the majority of diseases arise from self-poisoning through constipation. The first thing your doctor asks you is "how are your bowels?" He has a reason. Constipation is poison, that's the reason.

Cerena will give you a head that is clear, a face that is rosy, a liver that works, and a body that is healthy. Cerena will do it. A remarkable remedy and a delicious food. Fit for a king. Serve it to the whole family; they'll relish it.

Get a package of Cerena today, at your grocers. It will cost you 25 cents only, and you will soon say no 25 cents you ever spent was so well invested.

At All Grocers, 25 Cents a Package

HANNA'S GREEN SEAL

Costs more to make, but the people want it.

FOR SALE BY

THE LIMA HARDWARE CO.

LIMA OHIO.

The market closed irregular. The drying out of the demand allowed prices to slip back until gains were wiped out. Baltimore and Ohio, Northwestern and Amalgamated Copper lost 1 and American Woolen 1 1/2. Reading was bid up again in the final dealings to check the reaction and there was a brisk rally.

New York, June 22.—Sugar raw steady. Centrifugal 96; test 393; molasses sugar 31 1/4 @ 31 1/2; refined quiet; crushed 56 1/2; powdered 55 1/2, granulated 49 1/2.

Coffee quiet; Rio 7 1/2.

Wheat Showed Strength. Chicago, June 22.—Additional rain in Kansas and Missouri caused moderate strength in the wheat market during early trading today. The market was also bullishly affected by an advance of 3/4 to 1 1/2 per cent at Liverpool. Prices at the opening were 1 1/2¢ to 1 3/4¢ higher, July being at \$1.14 1/2¢. For a time July held within the opening range. The corn market was also bullishly affected at the start by the wet weather but soon eased off on profit taking in the July delivery brought out by good receipts. The July option opened unchanged to a shade higher at 72 1/4¢ to 72 1/2¢ and sold off to 71 1/2¢.

The "green hug" scare was still a factor in the oats market at the opening but today's reports from Southern Illinois says that the crop was too far advanced to be much damaged by this pest. July, which opened 1/2¢ higher at 51¢, declined to 50 1/2¢.

Trade in provisions was extremely at the start and the market was inclined to be weak owing to a 5 to 19 cent decline in the price of live hogs. Prices at the opening were 5 to 7 1/2¢ lower.

Grain and Provisions. Chicago, June 22.—Close: Wheat, July \$1.14; September \$1.08 1/2; December \$1.07; May \$1.09 1/2. Corn, July 71 1/2¢; September 69; December 58 1/2¢; May 59. Oats, July 50 1/2¢; September 43 1/2¢; December 43 1/2¢; May 46. Pork, July 20.10; September 20.22 1/2; January 18.40. Lard, July \$11.67 1/2; September \$11.72 1/2 @ 11.75; October \$11.70; November \$11.45; January \$10.42 1/2. Ribs, July \$10.82 1/2 @ 10.95; September \$10.90; October \$10.75.

The Great Lakes Trip

A little journey on the inland seas is the most pleasant and economical vacation trip in America. The ever-varying scenery of the shore line and the picturesque beauty of the islands add interest and delight to every mile of the trip. All the important ports on the Great Lakes are reached regularly by the excellent service of the D & C Line. The ten large steamers of this fleet have all the qualities of speed, safety and comfort. Every boat is of modern steel construction and is propelled by powerful engines. The Clark Wireless Telegraph Service is used aboard.

Tickets reading via any rail line between Detroit and Buffalo, Detroit and Cleveland, in either direction, are available for transportation on D & C Line Steamers.

The D & C Line operates daily trips between Buffalo and Detroit, Cleveland and Detroit, four trips weekly between Toledo, Detroit, Mackinac and Sault Ste. Marie, and two trips weekly between Detroit, Bay City, Saginaw and Sault Ste. Marie. A Cleveland to Mackinac special steamer will be operated from June 15th to September 10th, leaving Cleveland direct for Mackinac, stopping at Detroit enroute every trip and at Godwin, Ont., every other trip. Special daylight trip between Detroit and Cleveland during July and August. Send 2 cent stamp for illustrated pamphlet and Great Lakes Map. Address: L. C. Lewis, G. P. A., Detroit, Mich.

P. H. McMillan, President
A. A. Schantz, Gen. Mgr.

THE COAST LINE TO MACKINAC

Detroit & Cleveland Nav. Co.

Trade in provisions was extremely at the start and the market was inclined to be weak owing to a 5 to 19 cent decline in the price of live hogs. Prices at the opening were 5 to 7 1/2¢ lower.

Grain and Provisions. Chicago, June 22.—Close: Wheat, July \$1.14; September \$1.08 1/2; December \$1.07; May \$1.09 1/2. Corn, July 71 1/2¢; September 69; December 58 1/2¢; May 59. BOOSTING HARMON.

Inasmuch as Governor Harmon is
 to be Ohio's presidential candidate
 in 1912, and is being regarded as
 the logical candidate in all parts of
 the country, it is pertinent to re-
 produce a portion of a letter he re-
 ceived from the Hon. Guy Potter
 Benton, president of Miami Univer-
 sity, thanking him on behalf of the
 faculty and trustees for his presence
 and address at the centennial exer-
 cises of that institution last week.
 President Benton said:

"We honor the great governor of
 our great state and wish him well in
 his office and advancement to a high-
 er position of service for his coun-
 try.

Next to being governor of Ohio
 there is no 'higher position' in this
 country than the presidency, and
 that is the place the Miami officials
 want to see Governor Harmon elevated
 to.

Dr. Benton's letter carries addi-
 tional significance because it was
 signed John W. Herron, of Cincin-
 nati, who is President Taft's father-in-law.

NOTHING TO TEST.

Speaking of testing the air electric
 lights that are supposed to light the
 streets, it is only necessary to say
 that it is no longer necessary. The
 Electric Light Company, which has
 streets with 2000 nominal candle
 power lamps. Prior to the granting of
 such a franchise by a republican
 council, there was occasionally an
 street lamp showing glimmer
 enough to suggest a test to discover
 just how small an amount of current
 could be made to show a color of
 light, but since the contract is
 closed there is no longer any light
 at all, and consequently there is
 nothing to test.

The real truth of the matter is
 that the mammoth and costly elec-
 tricity producing plant on north
 Elizabeth street, which the paid
 friends of the electric lighting com-
 pany argued would be a total loss if
 a municipal plant was built, is not
 able to generate electricity enough
 to light the streets as well as the
 city could do it today with the
 dynamo it now has installed at the
 water works.

To fully appreciate the street
 lighting service the city is now get-
 ting from the Electric Light Com-
 pany, take notice of the dim rays
 that are being shed from the arcs at
 street intersections. You will see
 positively the poorest excuse of
 street lights in Ohio, and the worst
 in all the country.

But it is all right. A republican
 council made this possible, and they
 are exactly what the Republican
 Gazette advocated, so there is "no
 use kicking. But go out and look
 at them for your own personal satis-
 faction. You will go back in your
 home, satisfied that \$85.00 for a
 2000 nominal candle power was

cheaper than \$47.50 for no candle
 power.

When are you going to test
 those arc lights?

That is the question asked in the
 head line editorial in the yesterday's
 edition of today's Republican Ga-
 zette.

To which we reply courteously:
 We have going to test those arc
 lights whenever the Republican Ga-
 zette brings as the permission of the
 Electric Light company, and agrees
 in its sphere of a public benefactor
 to pay one half of the expense
 that will be incurred, and a con-
 siderable amount of it.

If these reasonable and protective
 conditions are satisfactory, then let
 the test proceed.

Talk over with the electric
 lighting monopoly, Bro. Campbell,
 and let us know your financially in-
 terested conclusions.

LESSONS IT TAUGHT.
 The circumstances attending the
 murder of Elsie Sigel in the Chinese
 quarter of New York led the press
 of that city into almost universal
 comment upon the dangers attend-
 ing missionary work by young white
 girls among the Mongolians of the
 Chinese districts.

The Times editorially said, in
 part:

"It is worth while to give some
 thought to the 'missionary game' to
 use Police Captain Carey's phrase,
 played by young Chinamen in this
 country to gain the acquaintance
 and friendship of sentimental and
 over-sympathetic young women. The
 Mongolian rascal, for whom the po-
 lice are now searching, has posed
 for years as a convert of extraordi-
 nary piety. This disguise, however,
 the missionary Sunday schools for
 the Chinese is not despicable. There
 must have, on the whole, a beneficial
 influence, if not in making Christians
 of their pupils, at least in teaching
 them the language and something of
 the manners of this country. But
 why should the teachers in these
 schools be women? There are plenty
 of male missionaries."

The World said:

"The Sigel case was not needed to
 prove that the work of evangeliza-
 tion among the Chinese in America
 had far better be left to men mis-
 sionaries."

The American, discussing the sit-
 uation, declared:

"We take this horribly ripe
 occasion to denounce the cults that
 look with complacency upon the
 degradation of the women of the
 noblest human races."

"The fault lies basically with the
 carelessness of American men in re-
 gard to their women. They know
 that the women are good. And they
 assume that it is needless to give
 any supervision to their conduct."

The tragedy of Miss Sigel and the
 'christianized' Chinamen is a shock-
 ing reminder of the American man-
 culine carelessness which tolerates
 free thought clubs, and miscegen-
 ation meetings, Hindu fakirs, and
 Chinese Sunday schools. The Chin-
 amen have only one idea of the mis-
 sionary attention of white women.
 And white women are permitted by
 men to run their terrible gauntlet
 without knowing."

THE JERICHO ROAD.

(Stoddard)
 If you had known
 That down near the Jericho road a
 strong man lay
 Beaten and robbed, deserted, left
 for dead,
 Would you, too, heedless pass upon
 your way?
 Could you sleep calmly on your
 own soft bed?
 Would you be still?

If you had known
 An oasis might rise at your com-
 mand
 In the drear desert of one's daily
 life,
 Make weary the heart and energize
 the hand
 So weary with the long unequal
 strife,
 Would you be still?

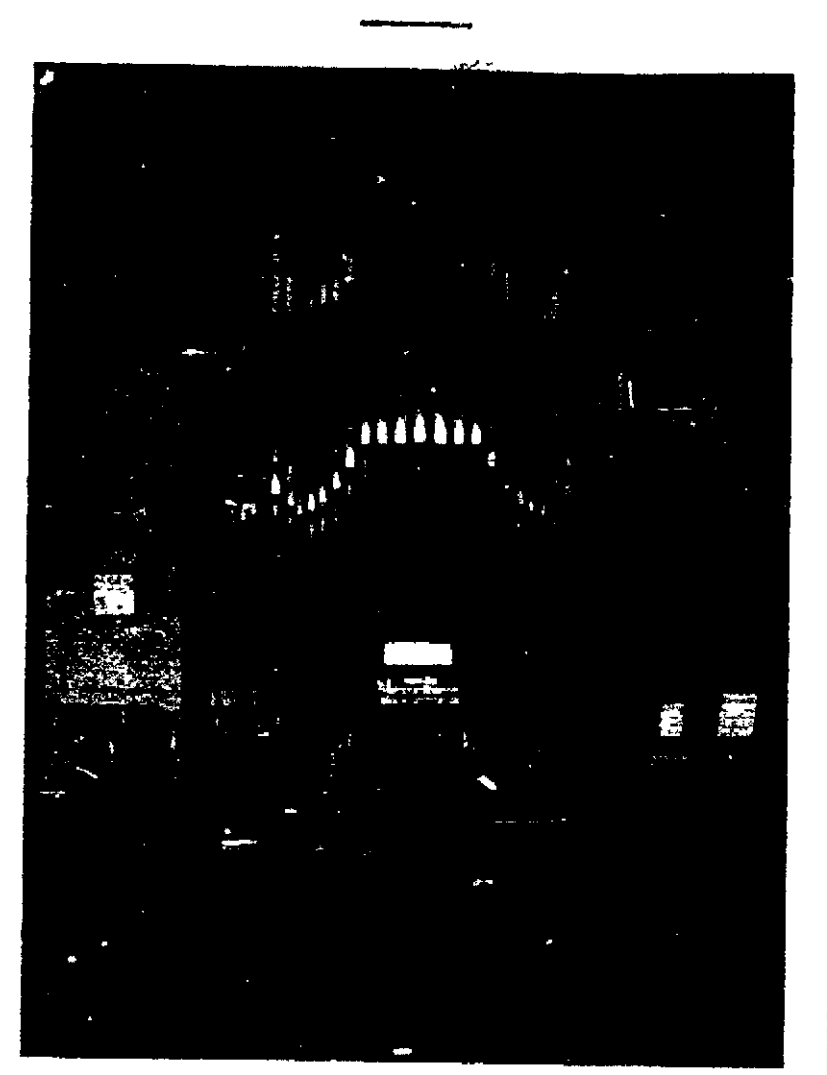

If you had known
 The sweet, pure gospel of the "Inas-
 much."
 That tells of your duty to the
 world,
 And that a word of sympathy would
 touch
 Heartstrings long silent, and rouse
 dormant keys,
 Would you be still?

If you had known
 How small divergence makes one
 man succeed,
 How slight an error makes one
 sinner fail,
 How at the moment that you give no
 heed,
 One word from you alone might
 turn the scale,
 Would you be still?

If you had known
 That in the end the Master would
 require
 That you be brother to your neigh-
 bor be
 That as a brother's keeper you in-
 spire
 The faith that needs a life from
 such as thee,
 Would you be still?

If you had known
 That from your life so small a gift,
 A gleam, a beam, a light or glance
 could bring
 Peace, joy and comfort, with its own
 uplift,
 To a lone heart and make the sad
 one sing,
 Would you be still?

PIPE ORGAN RECITAL AT U. B. CHURCH TONIGHT

This evening at eight o'clock the
 first recital given on the new pipe or-
 gan of the First United Brethren
 church will be heard, the organist
 of the evening to be Prof. Edward
 Young Mason, of the Ohio Wesleyan
 University. He will be assisted by
 some of the leading vocalists of the
 city, including Mrs. J. R. Meley,
 Miss Millie Sonntag and Mr. Marion
 Vermillion.

The fact that the entire evening
 will not be taken up by the organ
 music makes the program a more
 pleasing one to the majority of peo-
 ple to whom a continuous perform-
 ance on the organ while a wonderful
 exhibition of skill, grows monoton-
 ous. The vocal numbers are cleverly
 interspersed so that the organist will
 have an opportunity to rest, and the
 audience can be pleased by both the
 instrumental music. The program
 will include:

Adagio
 Allegro maestoso e vivace
 Pique Alloria Moderato.
 Romance Zitterbart
 Solo—Blossom Land Elliott
 Mrs. J. R. Meley.
 Wedding Music Buck
 Elevation in C Batsie
 Vesper Bells Spinney
 Cavotte (Mignon) Spinney
 Westbrook-Thomas
 Hallelu, a Chorus (The Messiah) Handel
 Irish Songs—
 1 To My First Love Harmon Lohr
 2 You'd Better Ask Me Marion Vermillion
 Overture (Stradella) Flowtow
 At Evening (Taylor) Buck
 Solo—Contalto—Selected Miss Millie Sonntag

and it is probable that within the
 near future, they will adopt the
 same.

NO CAUSE OF ACTION

**Verdict of Jury in Case of
 Braderick vs. East
 Company.**

**WIFE SEEKS
 HER RELEASE
 On Grounds of Various Acts
 of Alleged Extreme
 Cruelty.**

In the case of James L. Braderick
 against the East Iron and Machine
 company, the jury returned at 10
 o'clock Monday afternoon and at 10
 o'clock in the evening were pre-
 sented to go home for the night. They
 reported at 11 o'clock Tuesday morn-
 ing, and after deliberating until
 11:45 o'clock returned a verdict of
 "No cause of action."

The plaintiff sought to recover
 \$25,000 from the loss of the sight of
 both eyes from an accident in the
 plant of the defendant. This is the
 third trial of the case. In the first
 trial the jury returned a verdict of
 \$5,000, and a motion for new trial
 was sustained. In the second trial
 the jury disagreed, and the third
 "no cause of action" which makes
 it appear that the plaintiff's at-
 torneys get into the case, the better to
 defend it.

A Wife Sues.
 Lulu B. True is the plaintiff
 in an action to divorce from her
 husband, William S., in which the
 petition states that they were mar-
 ried March 21, 1907, and that no
 child has been born to the union.

She alleges that the defendant is
 guilty of acts of cruelty and ill-
 treatment, and that on July 1, 1909,
 he struck her with his fist on the
 head and back and treated her in a
 shameful manner. And that on
 other occasions he abused her and
 threatened to kill her. That in
 March, 1908, he allowed the hon-
 orable furniture to be sold under a
 chattel mortgage, and that he has
 failed to provide for her. She
 states that she is unable to support
 the family and that she has been
 compelled to leave home on
 June 11, 1909, and is now a de-
 vout in divorce and alimony, and
 that she is unable to support her-
 self and her child.

The county commissioners were
 in session Tuesday morning on an
 adjourned view of the Wolfe ditch
 in Perry township.

New Suit.
 F. W. Drake vs. A. F. Drake, an
 appeal from justice court.

Home Found.
 Mr. and Mrs. J. H. Dehn, of 11
 South Main street, have been
 awarded the custody of the three
 children, which were left on the
 steps of the home of S. Brown Dehn
 last Saturday night. Judge
 Judge Hart, who granted the custody
 the temporary custody of the infant.

HAS GAINED WISDOM.
 By founding the Ignition of fire-
 works of any description, on the
 Fourth of July, except between the
 hours of 4 p. m. and 1 p. m., and
 then only in public streets and
 squares. Chelsea intimates that she
 has no desire to be burned again.

THE SON'S RETURN.

AMOS MIHM DEAD
 After Several Months Ill-
 ness with White Plague.

After six months illness, Amos
 Mihm, living at 215 South Union
 street, passed away at 1.45 this
 morning. The deceased developed a
 bad case of tuberculosis several
 months ago, and has been steadily
 declining in health since that time.
 He was a painter by occupation, but
 he also been much interested in the
 training of some of the well-known
 racing horses of this city. Among
 others, the famous "Honey Moon"
 was under his care for a long time,
 and also others, and he was well
 known to all the racing fraternity.

The deceased was born in Van
 Wert county in February of 1869,
 and was just a little past forty years
 of age at the time of his death. He
 was the son of Mr. and Mrs. John
 Mihm, and though his father died
 some time ago, his mother still sur-
 vives him. His wife, one little son
 5 years old, one brother, Andy
 Mihm, and one sister, Mrs. E. Mc-
 Ginnis, of this city, are the near sur-
 viving relatives.

The funeral will take place Thurs-
 day afternoon at 2 o'clock at the res-
 idence, and Rev. Roy C. Arnold will
 conduct the service, with interment
 following at Woodlawn cemetery.

**For People Who
 Need Dentistry.**
 Best service is what you need if
 you would save your teeth and at the
 same time beautify yourself. Porce-
 lain crowns and porcelain fillings,
 gold crowns and fillings applied by
 MOST MODERN methods. Special
 treatment for loose teeth. Artificial
 teeth to look like your own. Ex-
 amination free. Work positively
 guaranteed to be first class.

 call street. References furnished if
 required. 7-12

"CONDITIONS."
 Yale, in common with some of the
 other leading colleges, uses the "con-
 ditions" plan somewhat freely. The
 reason why the republican hits ex-
 actly when it says that "the condi-
 tions habit is liable to abuse, but it
 has helped many a good and able
 man through college. At Yale es-
 pecially the fact has been recognized
 that many a bright and conscientious
 student has had poor preparation,
 and only needs a little encourage-
 ment, such students are let in with
 conditions. In the very large ma-
 jority of cases they make good, and
 more than that. Often they rise to
 the very top ranks of the class. On
 the other hand, many a man who
 fails triumphantly in with "clean
 papers" seems to think that triumph
 is going to last him all the course
 without any more studying. They
 have long ago learned at Yale that
 the entrance examinations are a poor
 test of scholarship.

As to the comparatively ease of ad-
 mission to Yale, it may safely be said
 that it has materially decreased in
 the past 20 years. In fact, it is so
 well known as to be a platitude that
 requirements for admission have
 steadily risen ever since the college
 was founded, until today the knowl-
 edge of the boy who conscientiously
 completes the college preparatory
 course is in general more ex-
 tended than that of the college grad-
 uate was 100 years ago.—New Haven
 Register.

FROM FACTORY TO YOU

ALL BUCKEYE HATS

ARE MADE IN LIMA.

We save you the profits other dealers have to pay. You get the benefit. The Superiority of our Buckeye Hats is fully demonstrated by our fast increasing business. Popularity in Business cannot be gained without an equal amount of merit. One and one-half years ago The Buckeye Hatters made their bow to the people of Lima and vicinity with an introduction to our Buckeye Hats. Each day and each month the people of Lima have watched this business grow until Buckeye Hats today are the most popular and the most used of any hat ever introduced in this city.

The Reason: Is their exceptional fine Quality, combined with the most up-to-date styles with each and every hat, made from the most wear resisting materials known only to the best hatters, and only then in the highest priced hats, while Buckeye Hats contain all that makes a hat the best. The price is always \$2.00, no more, no less.

We Again Make Our Bow to the people of Lima and vicinity with an introduction to our new Hat Factory recently installed at 114 East Market Street, in the rear of our Buckeye Hat Store, where you and your friends are cordially invited to call and we will gladly show you another one of the many industries that Lima is honored with, and show you how Buckeye Hats are made, and prove to you it is Better to Patronize Home Industry, especially when you save money by doing so.

GREASE THE WHEELS OF INDUSTRY IN YOUR OWN TOWN BY WEARING BUCKEYE HATS.

The Buckeye Hatters

114 EAST MARKET STREET.

MAKERS OF THE BEST HATS IN THE WORLD AT \$2.00.

RECENTLY PATENTED

Was Invention of Lima Man
of Much Needed But-
ton Fastener.

NEW ARTICLE IS FOR CLOTHES

As Well as for Shoes and is
Meeting Approval of
Manufacturers.

On the 15th of June, Harry Allen Mabhey, of 777 West High street, received a patent on a new kind of fastener for buttons. This was primarily invented for use on buttoned shoes, but is equally well adapted to buttons on clothing.

Mr. Mabhey, who has resided in this city for several years, the son of a shoe manufacturer, and has himself been a practical shoemaker, being connected with the firm of Moke Bros. for the past year or more. In his spare time he saw the need of a new kind of fastener for buttons, and he has studied the problem of one that would do the work satisfactorily for several years. Finally his ideas matured to such an extent that he made his first fastener and went to Washington, D. C. to look over the different patents, to discover if his own invention was original and if it was, to secure a patent. It was not until the middle of this month that the patent was issued. Mr. Mabhey has applied for a patent in several foreign countries, England, France and Germany with the place of Canada, and hopes to place his fastener in those places also. With the exception of the latter, however, the article must be manufactured in the country where it is sold. Canada alone allowing the imported article to go on sale for one year.

For the present the fastener will be manufactured at Cincinnati, but it is proved successful the inventor will start a factory of his own on a moderate scale, probably in this city. To gain a better idea of the patent than can be given by one not versed in the intricacies of the article in question the following paragraphs taken from the article granting the patent are appended to make plain to the reader the advantages, the use and the excellencies of the article in question.

This invention consists of an improved form of fastener of that class especially designed for securing buttons to shoes or fabric of some kind; button fasteners of the above type consist mainly of a wire staple con-

ected directly with the button and a backing plate or disk with which the staple is connected, said disk being located on the side of the fabric opposite that at which the button is disposed.

The present invention resides in the peculiar manner of securing the wire staple to the backing of said disk whereby pull or strain on the button will only promote or increase the security of attachment of the button to the fabric, eliminating likelihood of the button being torn off.

It adds spice to dreary life, encourages the human heart lifts the soul out of despair and makes new life and happiness. That's what Hollister's Rocky Mountain Tea does. 25 cents, tea or tablets. H. P. Vortkamp

WILL GIVE CARD PARTY.

The Ladies' Auxiliary of the Knights of St. John will give a card party this evening in St. Rose hall.

THE SON'S RETURN.

Lima theatre goers have awaited with much expectancy the arrival of the famous Biograph subject which is to be exhibited at the Royal Theatre Tuesday, Wednesday and Thursday. A brief synopsis of this reproduction follows. A country lad, son of an inn-keeper, decides to go to the city to earn a fortune and before leaving, is given by his mother a miniature portrait of herself. In town, he attracts the attention of a banker, secures a position and in five years time holds a responsible position. He then determines to give his parents a surprise, he having heard of the destitute condition and having saved his earnings to revive them. Leaving his absence he has grown a beard and upon his applying for lodgings at his old home, his father does not recognize him but observes the display of wealth. The old people decide to rob this supposed stranger, but awaken him in the attempt and strike him down unconscious. However, thinking they have killed him they drag him to a lonely field, where he is discovered by his old sweetheart. Upon examining the corpse, the old people find they have robbed the son. Explanations and forgiveness soon follow with a pleasant ending. A cool place to enjoy the latest pictures.

Summer coughs and colds are obstinate and difficult to cure. The most prompt method is to take something pleasant which will gently move the bowels; a good laxative cough syrup. Bees Laxative Cough Syrup will surely and promptly cure your cold. Sold by Red Cross Drug Store.

THE SON'S RETURN.

Royal Theatre's Biograph Hit.

Colds that hang on weaken the constitution and develop into consumption. Foley's Honey and Tar cures persistent coughs that refuse to yield to other treatment. Do not experiment with untried remedies as delay may result in your cold settling on your lungs. Enterprise Drug Store, M. M. Keltner, Prop.

BANKING INTERESTS

Of Nebraska Organize to
Fight Guarantee of
Bank Deposits.

FIFTY TWO JOIN IN THE PLEADING.

Law is Alleged by Them to
be Confiscation of
Property.

Lincoln, Neb., June 22.—John L. Webster, of Omaha, and former United States Senator W. V. Allen, attorneys for the banking interests of Nebraska, opposed to the state bank deposit guaranty law yesterday filed a suit in the federal court here for a restraining order against the state banking board and Samuel Patterson, its secretary. The petition asks that the state board be forbidden to levy an assessment to guarantee bank deposits. It asks that Patterson be prevented from taking his seat.

Fifty-two banks, national and state have joined in the pleading. It is alleged that the new act is confiscatory, taking property without due process of law and requiring the process of one bank to pay the liabilities of another, that its assessment provision is so indefinite as to permit an unlimited number of assessments being made against the banks and that the provision for immediate payment of depositors is illogical and impossible of fulfillment.

To avoid serious results take Foley's Kidney Remedy at the first sign of kidney or bladder disorder such as backache, urinary irregularities, exhaustion, and you will soon be well. Commence taking Foley's Kidney Remedy today. Enterprise Drug Store, M. M. Keltner, Prop.

WENT TO LANDECK

Number of Lima Members
of C. K. of O.

Some thirty of the members of the Delphos and Lima branches of the Catholic Knights of Ohio went to Landeck, where branch No. 76 had as their visitors during the entire day the state president, Fred S. Smith, of Akron, and the state secretary, C. J. Anthony, of Cleveland.

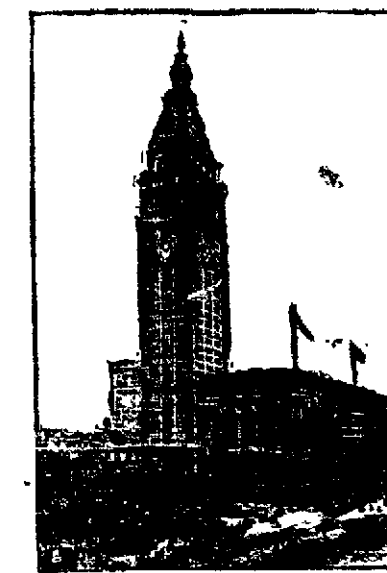

An excellent program was given throughout the day by the visitors, and local members of the order, while the evening session was made delightful by songs by Miss Bertha Falk on the piano and Richard Burger, also of this city, on the violin. A lunch served by the Landeck ladies was another pleasing feature of the day.

Metropolitan Life Insurance Co.

(Incorporated by the State of New York, Ytack Company)

JOHN R. HEGEMAN, PRESIDENT.

GREAT REDUCTION OF EXPENSES--INCREASED BENEFITS--LOWER RATES.

INDUSTRIAL DEPARTMENT.
In January, 1907, the Metropolitan Life Insurance Co. largely increased the benefits in its industrial policies by reason of a heavy reduction in expenses and improvement in mortality experience. During the past three years the company has steadily reduced its expenses, so that it is enabled to make a further increase in benefits. Industrial insurance policies have a unit of weekly premium—three cents, five cents and multiples thereof—and the amount of insurance varies with the age. All industrial life policies (premiums cease after age 74.) Endowment policies at age 80 and adult twenty year endowment.

Policies issued since Jan. 1, 1907, will be increased in benefits about ten per cent,

according to a new table of benefits adopted for policies issued after July 1, 1909. In other words, not only does the Company issue a new table for policies hereafter issued, but it makes the increase retroactive since the present form of Limited Payment and Endowment at age 80 policies were adopted.

Upon the OLD INDUSTRIAL POLICIES the Company is paying out TWO AND A HALF MILLIONS OF DOLLARS IN BONUSES THIS YEAR, bringing up the total Bonuses and Concessions upon industrial policies to EIGHTEEN MILLIONS OF DOLLARS IN SIXTEEN YEARS. This is OVER AND ABOVE ANY AND ALL OBLIGATIONS expressed or implied in the policies.

The Metropolitan in its Industrial Department has the lowest Ratio of Expense of all the Industrial Insurance Companies in the world which pay immediate benefits. In FIVE YEARS its

Ratio of Expense to Premium Income has been Reduced Annual Saving of Three and a Half Millions of Dollars

The new Convertible policy issued by the Company is a novel form of insurance which becomes fully paid-up life insurance in a few years and is then automatically converted into endowment insurance, the maturity of which is periodically shortened as payment of premiums continues.

The Company is abreast of the public demand for combination of term annuities, and serves the public better than any other agency. INDUSTRIAL POLICIES IN FORCE: NEARLY 9,500,000, INSURANCE NEARLY \$1,500,000,000.

ORDINARY DEPARTMENT.

The Company has reduced expenses six per cent in this Department in the last FIVE years—representing an ANNUAL SAVING OF OVER A MILLION AND A QUARTER OF DOLLARS IN THE ORDINARY DEPARTMENT.

The Company issues policies in the Ordinary Department in amounts from \$500 to \$1,000,000 upon all approved plans at the lowest rates. IN 1908 IT WROTE MORE PAID-FOR BUSINESS IN ITS ORDINARY OLD LINE INSURANCE (exclusive of industrial), in the United States and Canada, THAN ANY OTHER COMPANY.

All of its policies in the Ordinary as well as the Industrial Department are written on the non-participating plan. The Metropolitan pays its dividends at the start—that is to say, it cuts down the premiums. It believes the plain, common-sense men who make up the bulk of policy-holders look for a plain business contract. By plain business contracts we mean those which tell their whole story upon their face; which leave nothing to the imagination, borrow nothing from hope, require definite conditions and make definite promises in dollars and cents.

In both Departments combined the Company has, in each of the past fifteen years, written more paid-for insurance than any other company in the world.

The Company upon its Total Business Has in the Last Ten Years Reduced its Ratio of Expenses to Premium Income Fifteen Per Cent.

QUICK ACTION

MARKED LAST NIGHT'S MEETING OF CITY COUNCIL.

Market Street Paving to be Considered Next Monday Night.

AGGREGATE OF BIDS RECEIVED.

Drinking Fountains to be Placed About Square and Elsewhere.

Permanent Improvement of Public Square to be Outlined.

With President Bousher absent and Vice Chairman Jones presiding, the city council met in regular session at 7:30 o'clock Monday evening.

The minutes of the last regular and adjourned meetings were read and approved. President Bousher arrived during the reading of the minutes.

Henry Van Horn filed a protest against an assessment for four sewer connections to his lot on north Jefferson street. The same was referred to the engineer and solicitor. The appointment of Charles Cantigny, plumber; Andrew DeCurtin, architect; Jessie Clark, contractor; Wallace Landis, insurance; T. D. McLaughlin, architect; Clint Smith, contractor; E. D. Wentworth, electrician; and C. S. Lathrop, contractor, as members of the commission to act together with the council in going over the proposed building code, was affirmed.

O. G. Snyder filed a protest against an assessment for the grading of Elm street, owing to the triangular shape of his lot. The matter was referred to the street committee.

The following communication from the board of public service relative to the bids received for the paving of west Market street, was referred to the council as a committee of the whole to meet next Monday evening.

Lima, Ohio, June 21, 1909. To the City Council and the Property Owners of West Market Street, Lima, Ohio.

Gentlemen:—In compliance with the provisions of the legislation authorizing the improvement of west Market street, we herewith submit for your consideration and advice, our engineer's report on the bids received for said improvement on the 17th inst. We are sincerely anxious

to be guided by wise counsellors in determining what is for the best interest of all parties concerned in this very important public improvement, and trust that the council and the property holders will join with us in arriving at a wise decision.

Very respectfully submitted,
WILLIAM FISK,
WILLIAM WILSON,
W. T. HARPS
Board of Public Service

Lima, Ohio, June 21, 1909. Gentlemen:—I submit herewith a carefully corrected summary of the aggregates involved in the various bids received for the improvement of west Market street on the 17th inst. based upon a close approximation of the various items that enter into the problem.

An embarrassing feature has arisen in reference to the bids on creosote block pavement growing out of the provision that bidders might also bid on heavy creosote oil, instead of twenty per cent creosote of lumber, and that a cheaper form of construction might be contemplated than provided in the original specifications requiring the twenty pound treatment. You will remember that this provision was concocted to by yourselves and the city solicitor at the behest of the west Market street property owners' committee in order that it might be possible for bidders on this class of pavement to figure on a construction that might enable them to get within the limits of the fund provided for making the improvement in question. This fund provided for by the ordinance authorizing the issue of bonds was necessarily considerably below the original estimate for this class of pavement, growing out of the limitation of the aggregate bond issue permissible in any one year. This addendum was deemed in keeping with a sense of fairness, seeing that it appeared to be the sense of the provision of the ordinance that bids on any and all kinds of pavement might be received and considered. The legal question has been raised, however, since the reception of the bids as to the possible evasion on the part of the property owners and the street railway company of assessments, based on something other than the specifications adopted by the council when the improvement resolution was passed and with reference to which resolution the legal notices were served. The aggregates derived from the summation of the bids are given for both forms of construction in the accompanying tabulated statement, but it is deemed unwise by the city solicitor to consider any bids other than those based on the original specifications. I have included in my tabulated statement the aggregates involved in my original estimates as well as the actual amount provided, for the city's share of this improvement, by the ordinance authorizing the issue of the bonds.

Respectfully submitted,
JNO. K. BRICE,
City Engineer.
Hon. Board of Public Service, Lima, Ohio.

Engineer's estimate for west Market street with creosote block:
Total cost of imp. \$97,690.00
St. Railway Co.'s portion 25,560.00
Remainder \$69,130.00
City's portion \$34,565.00

Benoma Lodges in the Skin

Not a Blood Disease—Cured by Oil of Wintergreen Compound.

For many years eczema was supposed to be a blood disease and was erroneously treated as such, but now the best authorities agree that eczema is only a skin disease and must be cured through the skin. The eminent skin specialist, Dr. D. D. Dennis, first discovered the eczema germ and his discovery was quickly taken up in both Germany and France.

To kill the eczema germ and at the same time heal the skin, Dr. Dennis compounded oil of wintergreen, thymol, glycerine, etc. The remedy is a liquid, not a mere salve, hence it sinks right into the pores of the skin. Washing with this oil of wintergreen compound seems to take the itch away and the disease disappears. Hunter Bros. drug store. The prescription has now been used so long as to have proven its absolute merit and we do not hesitate to express our confidence in D. D. D. Prescription as used with D. D. D. Soap.

corner of Harrison and Albert street; Greenlawn avenue, between Vine street and line C & E railroad; corner of Cole and Richie. The same were referred to the board of public service.

Property owners on McPherson avenue between Elm and Linden streets petitioned for a sewer, which was referred to the sewer committee.

Property owners on Albert street between Harrison avenue and Prospect street, petitioned for paving, which was referred to the paving committee.

A resolution authorizing the board of public service to establish public drinking fountains in the public square, at the corner of Vine and Main streets, and main and McKibbin streets, also to install additional fire plugs in the L. E. & W. yards, was passed under suspension of the rules.

A resolution authorizing the board of service to receive bids for the construction of an iron or concrete bridge over the Ottawa river, at Collett street was passed.

A resolution authorizing the board of service to prepare plans for permanent improvement of the public square to beautify the same and to report to the council the estimated cost of such permanent improvement, introduced by Mr. Kirk, was discussed and met with general approval and carried.

Mr. Kirk offered a resolution directing the board of service to advertise for bids for cleaning the paved streets of the city, which was adopted, Collins and Shaffer voting nay.

Council adjourned at 8:30 o'clock.

Foley's Honey and Tar is especially recommended for chronic throat and lung troubles and many sufferers from bronchitis, asthma and consumption have found comfort and relief by using Foley's Honey and Tar. Enterprise Drug Store, M. M. Keltner, Prop.

BLUFFTON.

Several from this place attended the freemen's convention at Lima, Wednesday.

Ed Romey was at Lima one day last week.

A jolly crowd of young people drove out to Schumaker's Grove last Tuesday evening and spent several hours fishing in the moonlight.

Eddie Plattner and Glenn Spangler were at Lima Wednesday.

The Triplett Motor factory is being raised and a new foundation laid.

Mrs. E. S. Hauenstein entertained the Musical club Tuesday evening.

John C. Williams pleasantly entertained a number of his friends at her country home, north of town, last Thursday. The guests were Mrs. Bert Clark, Mrs. Dave Bixler, Mrs. Albert Bennett and son Robert, Mrs. Lou Eaton, Mrs. C. A. Triplett and Mrs. Will Euller, of Lima.

Curt Lambert was in Findlay Sunday.

Mr. and Mrs. W. S. Bently were at Lima Sunday, the guest of H. O. Bentley and family.

Robert McPeak, of Lima, visited his mother, Mrs. Eliza McPeak and family Sunday.

Miss Marguerite Keagon very pleasantly entertained a number of her friends Saturday afternoon at her home on south Main street. A delicious three course lunch was served by the hostess. The guests were Misses Florence Kohl, Maud Anderson, Nellie East, Edith McPeak, Flora Plattner, Helen Kibler, Faeine Garau, Edith Morrison, Mable Pett, Bertha Shifferly, Eliza Shifferly, Zanna Staater, Kathryn Mitchell, Mrs. C. E. Romey and Mrs. Chas. Miller.

Mrs. Wm. Eglier, of Lima, spent the past week with Mr. and Mrs. Albert Benroth.

John Beck and family are spending the week and the Sprunger were at Findlay Sunday afternoon.

Misses Mable Pett and Edith Morrison have returned home from Oberlin for the summer vacation.

Jolly Woods went to Upper Sandusky Saturday evening returning Sunday via motor cycle.

Misses Eva and Mable Jones and Eva Diller are visiting relatives at Columbus Grove.

Miss Helen Kibler leaves today for a several weeks' visit with friends at Oberlin and Cleveland.

Mrs. Metta Bixler and children spent Sunday in Columbus Grove.

ISAAC IS MAD

TAKES FALL OUT OF SOME MEMBERS OF G. A. R.

For Refusal to Endorse His "Dollar a Day" Pension Bill.

CLAIMS THAT RANK AND FILE

Were Denied Their Rights by House of Lords at Newark.

Past Commander Hall is the Chief Kicking Post for Him.

At the Newark G. A. R. encampment Gen. I. R. Sherwood, member of congress from the Toledo district, and a veteran himself sought to get his "dollar a day pension" measure before the delegates for endorsement. Commander Hall ruled it out of order as an effort to introduce politics into the organization. This action put the general on the war path, and on his return to Washington yesterday he did some talking about what he calls the "House of Lords" of Grand Army of the Republic. He said:

"The 'House of Lords' ruled the Newark Encampment without regard for the veterans. An overwhelming majority of the rank and file were denied the privilege of even having their patriotic resolutions read."

"Over 60 Grand Army posts of Ohio endorsed my dollar-a-day bill and instructed their delegates to vote for it at Newark. Commander Hall's conduct in refusing to declare the vote is universally condemned by the rank and file."

"Hall was elected Senior Vice Commander last year and came into power upon the death of the State Commander."

"I learn that he will be backed by a number of the 'House of Lords,' who sat on the platform resplendent in double-breasted, brass-buttoned uniforms, decorated with diamond-studded badges, all secured for gallant conduct since the war closed."

"The average citizen does not know what is meant by the 'House of Lords.' They are ex-Commanders elevated to office in this fraternal organization since the war, who, under aristocratic and thoroughly democratic rule, are made delegates for life."

"You can imagine what a powerful array this class makes, counting all the yearly elections for 43 years since the war closed."

"The great majority of the veterans who enlisted in 1861 have passed to the great beyond, and those still alive are bent and crippled and staggering with the weight of years, and many are too poor to pay fare to the encampment."

"Hence the 'House of Lords' has been able, through the control of the organization and because they are younger men, who went into the war late, to manipulate the encampments to suit themselves and their pecuniary ambitions."

"But at Newark the rank and file were there to assert their rights, and nothing but the unprecedented and brutal action of Chairman Hall prevented the adoption of the dollar-a-day bill as the official measure of the G. A. R."

"Congress increased the pay of the President from \$50,000 to \$75,000, the pay of the Speaker of the House from \$8,000 to \$12,000 and the pay of the army 10 per cent. The army increase amounts to over \$10,000,000."

"It increased the pay of the navy over \$5,000,000, all as claimed, because of the increased cost of living."

"How about the old soldiers who fought the fiercest and longest enduring war of modern times; and who are only drawing an average of 55 cents a day, and are compelled to buy their goods and necessities of life in the same market as the Government officials?"

"The patient and industrious hen makes the same heroic effort in laying an egg for the old soldier as for a millionaire Congressman. Why did congress forget all about him? Why is he denied simple justice from the party whose inspiration at one time was made vocal by Abraham Lincoln, when he said that this nation owes a debt of gratitude to the soldiers which it never can repay?"

"I stand by that sentiment yet, and propose to make my fight for the old veterans of the war along these lines."

Children Cry FOR FLETCHER'S CASTORIA ST. JOHNS

Dramatic Club to Picnic Sunday.

Next Sunday will be a gala day for the St. John's Dramatic Club. Elaborate preparations are being made for a picnic in the Henry Frueh grove, two miles northeast of the city. A dinner will be served at mid-day and there will be a fine game of baseball in the afternoon in which several of the old city league will participate. An all-around good time will be the order of the day.

The sun shines brighter; skies are bluer, and a feeling of youth and strength creeps over the whole body. Take Hollister's Rocky Mountain Tea, the greatest building up and health giving remedy ever offered.

35 cents, tea or U.S. H. F. Vortkamp.

HAIR WHITE AS SNOW

Restored to Natural Color with One Bottle of

WYETH'S SAGE AND SULPHUR HAIR RESTORER

The Only True Hair Restorer, Tonic and Rejuvenator

ALMOST A MIRACLE

My hair was as white as snow when I commenced using Wyeth's Sage and Sulphur Hair Restorer. One bottle restored my hair to its natural dark brown color. As I am now 70 years old, I consider the result most remarkable. It is an agreeable and refreshing hair dressing, keeping the hair soft and glossy, without being in the least greasy or sticky.

WM. WESTLAKE,
210 West Main Street, Rochester, N. Y.

Why hesitate when WYETH'S SAGE AND SULPHUR HAIR RESTORER is daily producing just such results?

After years of study and analysis of the hair, we have been able to produce an ideal Hair Tonic and Restorer, which contains an actual constituent of hair, combined with ingredients of recognized merit for treatment of hair and scalp diseases. It makes and keeps the scalp clean and healthy, gives life, strength and lustre to the hair, and restores faded and gray hair to natural color.

IT IS NOT A DYE

No matter how long and thick your hair is, WYETH'S SAGE AND SULPHUR HAIR RESTORER will make it longer and thicker. It will remove every trace of dandruff in a few days, stop falling in one week, and start a new growth in from one to three months.

These are facts that have been proven in scores of cases. WYETH'S SAGE AND SULPHUR HAIR RESTORER is guaranteed to do all that it is claimed to do or the price will be refunded.

Children Cry FOR FLETCHER'S CASTORIA ST. JOHNS

Dramatic Club to Picnic Sunday.

Next Sunday will be a gala day for the St. John's Dramatic Club. Elaborate preparations are being made for a picnic in the Henry Frueh grove, two miles northeast of the city. A dinner will be served at mid-day and there will be a fine game of baseball in the afternoon in which several of the old city league will participate. An all-around good time will be the order of the day.

The sun shines brighter; skies are bluer, and a feeling of youth and strength creeps over the whole body. Take Hollister's Rocky Mountain Tea, the greatest building up and health giving remedy ever offered.

35 cents, tea or U.S. H. F. Vortkamp.

We loan you money at 6 percent interest and pay 5 percent on deposits.
Prompt and courteous treatment.

\$352,707.00 DEPOSITED AT FIVE PERCENT.

Safe, Secure, Convenient For Savings and Deposits.

Five years ago The Lima Home & Savings Association began paying 5 percent interest on deposits in any amount, with the privilege of compound interest. On account of the safe and secure manner in which such deposits have been handled, many people of large and small means, have accepted the very liberal opportunity of having their funds invested at a rate that is very high, until nearly \$352,000 have accumulated earning 5 percent. These deposits are used by this association only for loans on city and farm homes in Lima and vicinity. Nothing but first mortgages are taken to secure these loans; ample insurance is required for the Association's protection as well as frequent redemption of principal.

Another feature of safety is the annual examination by the state authority to which this Association is subject. The last examination was completed on the 20th of May, 1909, and included an investigation of all of the Association's investments and liabilities.

All persons with money to lay by at the liberal rate this Association has been paying for many years, who are seeking a place where safety, security and convenience, are in every transaction of its business, are invited to its office in the Masonic building, west of the postoffice, Lima, Ohio.

STILL UNFINISHED

Are Final Steps to be Taken Concerning Lima College.

ONE CLAUSE WAS THE CAUSE

Of Necessity for Further Action by Higher Lutheran Body.

Another slight misunderstanding on the part of the several parties interested in the Lima College proposition made final action concerning it impossible at the meeting held last night at the Progressive association rooms.

The executive committee of the Progressive association, Dr. A. E. Creps, president of the school board, and Rev. F. E. Cooper, Charles Sprague and D. M. Fisher, representing the interest of the Lutheran church, met in joint conclave, but one clause had been misinterpreted so that an adjourned meeting will be necessary.

In the proposition made there was an article stating that the graduates of the Lima High School should have the privilege of attending the college free of any tuition, for a period of five years, and that at the end of that five years, the college should be able to produce an endowment fund of not less than \$125,000. Just here was where the trouble came in. The committee reporting to the General Synod at Germantown last week, interpreted this clause to mean that

the tuition period should close at the end of five years, whether the necessary endowment had been raised or not. The school board and the Progressive association had the understanding that if the endowment fund was not raised, neither should the free tuition cease until the former was entirely made up.

Lima is anxious to secure the college and to make use of the empty building standing on her outskirts, and considers the free schooling of such boys and girls who wish to take advantage of the college work not too great a return for the gift of the property after a certain period of time has elapsed.

The local committee of the Synod declared its willingness to recommend to the general committee that free tuition be given to the high school graduates for five years, and that the property should not be transferred until the endowment fund had been completed.

The Progressive association, by resolution, recommended to the school board that it should accept this proposition, provided the free tuition be given the high school graduates until such time as the \$125,000 be paid. This matter will be considered by the school board at its next meeting, and if favorable action is taken the local committee of the Synod will call a meeting of the general committee to make a proposition such as the school board will accept.

The Oil Stove With a CABINET TOP

The New Perfection Wick Blue Flame Oil Cook-Stove differs from all other oil stoves. It has a CABINET TOP. This means you can keep dishes and utensils within easy reach while cooking, and can keep food hot after removing it from the blaze.

From its wonderful burners to its racks for holding towels the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is without equal. Its principle of concentrated heat means that the work can be done quickly and without the kitchen being heated to an unbearable degree. Can be lighted instantly and turned "high," "low" or "medium" at will. Three sizes. With or without Cabinet Top. At your dealer's, or write our nearest agency.

The **Rayo Lamp** comes as near lamp perfection as it's possible to get. Gives a clear, bright light that reaches the farthest corner of a good-sized living-room. Well made throughout of nicked brass, perfectly safe and very ornamental. If not with your dealer, write our nearest agency.

THE IDLER

The public, especially the fellows who are always giving an excuse for taking a drink, should not be too harsh in their criticism of Mrs. Gould. Perhaps she too, once in awhile, had a "bad cold."

Is there any longer the slightest doubt in your mind about the tariff being "in the hands of its friends?"

Remember when you run across a fellow who signs himself "D. F." that it doesn't necessarily mean that. He may be a "Doctor of Farming."

The ingenuity of the manufacturers of motion pictures is something almost marvelous and their reproduction of favorite tales and poems are usually works of real art. Occasionally, however, a slight anachronism will creep in. At the "Foster of House," where a specialty is made of high grade pictures, the new one for today is an illustration of "The Legend of the Sterling Keep."

It is the old tale of the betrothal of a prince and princess. During the ceremony a minstrel sings a song of a haunted chamber to the effect that whoever sleeps there will not wake up for fifty years. The bridegroom valiantly declares that he will test the matter. While he is asleep in the chamber the mischievous bride and her friends arrange the anemone to appear old and dilapidated. When he arises in the morning everything he touches crumbles to dust, and an attendant, made up with long white beard, informs him that his bride is dead. He goes insane and remains that way for a year, when he hears the old song again, promptly recovers, and he and his bride live happily ever after. It is a pretty story, splendidly mounted and costumed, but its producers make two errors. The costumes indicate that the story is laid in a time several centuries back while modern knives and forks are used in a banquet scene and in one of the outside scenes we are rather shocked to observe a sign reading "keep off the grass."

What is the need of going to Michigan or Canada for bass fishing when the finest kind can be found right at home. W. A. McBeth exhibited a beautiful five pound, big mouth, gamey bass he caught in McBeth's lake, this morning to hundreds of sportsmen at this office this afternoon, and many who saw it started home at once for rods and reels. The lake is filled with fine specimens of the finny tribe and the expert angler has no trouble in landing a mess there in short time.

Two hundred Marion Elks accompanied by a band are coming tomorrow to see their baseball nine get trimmed by a team of Lima Elks at San Felipe park tomorrow afternoon at half past two o'clock. The game will be played for the benefit of the new Elks home. Go out and see Marion get her trimmings.

The Congregational Sunday school is enjoying an outing picnic at McBeth's lake this afternoon.

Major W. H. Duffy, of the state bureau of vital statistics, who was sent out through northwestern Ohio, last week, to investigate delinquencies on the part of physicians and undertakers who are required to make reports to the bureau, has returned reporting but one prosecution. The accused in that case was Dr. C. D. Mills, of Marysville, who after repeated requests had failed to make report of a birth.

Dr. Mills was convicted and fined the minimum amount, \$5 and costs. He pleaded that he had not intended to omit making the report, but being very busy had postponed making it from day to day until the agent of the bureau swooped down upon him.

"I was inclined to omit the prosecution in this case," said Major Duffy, "and would have done so but for the policy of the bureau which is to establish the rule that delinquency under the law where the duties required are clearly understood will certainly be visited with the punishment provided by law."

Major Duffy also investigated delinquencies on the part of doctors and undertakers in Ottawa, Putnam, Hancock and Wood counties, but as it appears, that the matters charged against the accused there were due to misunderstanding of the law, no prosecutions were instituted.

Cornell Coehreiser, one of the representatives of Lucas county, in the house of representatives, will introduce, this winter, a bill materially changing the constitution of the county boards of election. This bill has been prepared by Dr. Scheble, a member of the Lucas county board of elections. It will provide that the members of the county election boards shall be elected by the people instead of being appointed by the secretary of state on recommendation of the controlling party committees.

It's a move in the direction of home rule, the author says, and against boss control. It will provide that no member of the controlling party committee can be a member of the board of elections. There will be provision in it also by which such independent organizations as that in Lucas county may have recognition in the election board, when they have more votes than the regular party. It is all to depend upon the votes cast at the election.

The bill will fix the compensation of the members of the boards, and not make it dependent on the number of primary elections held and the number of precincts in the county. These things, the author claims, constitute an incentive to the boards to make more precincts than are actually needed, and in the past have influenced the board in the matter of primary elections.

The city of Cleveland has smashed all records by reporting to the state bureau of vital statistics for the first fifteen days of June, 1276 births. Reckoning the average weight of the youngsters at 8 pounds, that is something over five tons of babies. If the city could maintain that rate for the whole year it would mean \$3,025 a year for the Forest City.

The census bureau's estimate of the population of Cleveland at this time credits it with 237,000. The birth rate established by these fifteen

propitious days of June is therefore \$1.1 per thousand per annum. The rate per thousand per annum established thus far by the state bureau's records, for the whole state, is only a little over 21. The rate indicated by the June figures from Cleveland are therefore inexplicably high.

For the first four months of this year, the state records show 4610 births in Cleveland and only 986 in Columbus. That is a rate of 38 5-12 babies a day in Cleveland and 8 5-25 babies a day for Columbus.

Figured on population this shows a rate of 27.8 per thousand per annum for Cleveland, and only 14.7 per annum per thousand for Columbus. Cleveland is therefore far ahead of the average rate for the entire four months of this year, while Columbus is over two per thousand below the average.

The Sunday school class of Miss May Royce of the Market street Presbyterian church held a delightful picnic at Hoover Park on Monday afternoon and evening. The young people had taken lunches with them, and it was necessary to raise their umbrellas over the table during the supper hour, but the shower was a short one, and only made the affair more jolly. The amusements of the park were freely patronized, and each one had a splendid time. They returned to the city at 8:30 under the chaperonage of Miss Royce, and were loud in their praise of the pleasant evening enjoyed.

Will the Trusts Control Air and Water?

How often have you used that good old joke about the trusts controlling everything but the air we breathe?

You may soon have a chance to turn this jest to earnest. There is a fat young trust forming just now that proposes to reach its tentacles into the air we breathe and draw therefrom a product which will enable the monopoly to "levy tribute on every loaf of bread, every pound of beef and every manger of oats."

We are quoting from their own prospectus. This interesting trust is now a part of the hustling group which is grabbing our water powers. With cheap water power they will produce a fertilizer which in Germany enables the farmer to raise 400 bushels of potatoes to the acre, and in slow old behind-the-times U. S. A. we average only 75 bushels. Other crops are benefited in the same proportion.

Energy in the soil; energy in the streams. Those are things we've got to wake up and protect; or else these trust gentlemen will do just what their prospectus says they'll do: Levy a tribute on everything they use.

John L. Mathews is a world-expert on water and soil. He has written the most amazing article you ever read. Get it today. In

EVERY INCH CONTESTED IN TRIAL OF CHRIS GEIGER

Examination of Witnesses
Began at Opening of
Court Tuesday.

YOAKUM FAMILY
TELL OF ROBBERY.

Marshall Gray, of Deshler,
Told of Capture of the
Two Prisoners.

The trial of the robbery of the Yoakum family, which began Tuesday morning at 9:40 o'clock, continued until 1:15 o'clock. The defendant appeared in good spirits and during the time the jury was getting located in their seats, he carefully scanned the countenance of each of them.

The court room was crowded to its capacity and the doors into the trial section were locked to exclude all but witnesses.

James Yoakum was the first witness called and in response to the questions of the prosecutor stated his age as 33 years and told the jury that he was born in Shawnee township. The aged witness could not remember the date his home was broken into and robbed. He stated that he and his wife slept in a bedroom on the first floor and that the trunk exhibited as state exhibit No. 1 was at the foot of the bed and was locked. When he awakened he found his hands tied back to the head of the bed and his feet bound with a clothes line. When he awakened he could see shadows of men working with the trunk and they captured the contents out on the floor.

The robbers asked him what money he had. He replied that all he had was in the trunk. They were under the impression that they were cutting his toes. They thought he had more money. The robbers brought him a drink of water. He kept papers and about \$600 in cash in the trunk as well as about \$6,000 in certificates of deposit.

The money recovered from the robbery was exhibited by the state and the witness stated that he had money of that description in the trunk on the night of the robbery.

His wife was bound in bed also, and succeeded in getting loose first, and upon going up stairs found daughter and son-in-law, Mr. and Mrs. Frederick Sautter, bound to the bed. The rope used to bind them was ordered as an exhibit and identified by Mr. Yoakum.

A 4x4 scabbard about 15 feet in length was exhibited and identified by the witness as the same found in his front yard, the morning after the robbery which had not been there before.

A skeleton door key found in the front yard the morning after the robbery was exhibited and identified by the witness as one found by him.

In answer to the question as to whether he looked in the trunk for

the money when the robbers left he replied: "I did not look, but I know it was gone before I looked."

He stated that the other contents of the trunk were scattered all over the room.

Who looked after your property in Lima?

John W. Bear, a colored man, F. M. Foye was agent originally and Bear took charge of it after Foye's death.

Was Bear ever at your house?

Yes, but I didn't see him. The answer was ruled out.

He stated that he was ill about half of the time Bear had charge of his property and afterward saw some movements he did not like and took the property out of Bear's hands after the robbery.

The key to the trunk was offered as an exhibit by the state, and identified by the witness as the key which he had in his possession at the time of the robbery.

James Yoakum was next called. She stated her age as 39 years. She told of the robbery tying her and her husband. She saw them come into the room and screamed. She said they pinched her toes and told her to keep still. She stated the robbers had handkerchiefs tied over their faces. She identified the trunk exhibited as the one which was in their bedroom on the night of the robbery.

She stated that she got loose from the ropes with which she was bound in about half an hour after the robbers left. She cut Mr. Yoakum loose and called to her son-in-law and found that they were tied to their bed.

In response to the inquiry if she knew John W. Bear, she said she had seen Bear talking to Mr. Yoakum on the street and that she saw him at their home last fall.

Frederick Sautter, son-in-law of Mr. and Mrs. Yoakum was next called.

He testified that he and his wife made their home with Mr. Yoakum at the time of the robbery on January 10, 1939.

He returned and was awakened about midnight by three men in the bedroom, who were masked and had revolvers.

Mr. Cooper asked the witness if he remembered what the guns looked like. Mr. Sautter replied, "They had awful big holes in them."

Two large guns offered as exhibits were about the size of the guns which the robbers pointed at him on the occasion of the robbery.

Mr. Sautter also identified the rope exhibited as that with which he was tied in bed.

He heard a noise resembling the breaking of a lock.

The robbers threatened Mr. Sautter if he did not tell where the money was. He stated that the money was in his pocket and in Mr. Yoakum's trunk was all that he knew of. They took about \$9 and two Columbian half dollars from him and his wife. Two Columbian half dollars were exhibited by the state and identified by Mr. Sautter as those he had in his pocket book on the night of the robbery.

Mr. Sautter was released by Mrs. Yoakum and was down stairs about 2:30 a. m. when he notified the neighbors and sheriff of the robbery.

Mr. Sautter was released by Mrs. Yoakum and was down stairs about 2:30 a. m. when he notified the neighbors and sheriff of the robbery.

Mr. Sautter stated that he knew that Mr. Yoakum had \$170 in gold and other money in the trunk.

Mr. Sautter stated that he was acquainted with John W. Bear, and had been sent to his office to see about rents which had been collected by him for Mr. Yoakum. Bear and Yoakum had conversation concerning the rents.

Mr. Sautter identified all the exhibits of the state.

Court recessed until 1:15 o'clock.

The afternoon session of court was opened at 1:25 o'clock.

Mrs. Fred Sautter was called as the fourth witness. Mrs. Sautter related the circumstances of the robbery in about the same manner as told by her husband. She could not positively identify the revolver on exhibit as those the robbers had on the night of the robbery, but said they appeared the same.

She stated that after they were loosened from the ropes binding them, Mr. Yoakum and Mr. Sautter rang the dinner bell and then telephoned to the sheriff, who arrived with his deputies about five o'clock in the morning.

Judge Armstrong at this juncture offered a motion that the state should elect upon which count of the indictment, the trial shall proceed upon Judge Mathers stated that he would rule upon the same Wednesday morning.

The first count of the indictment charges Geiger with burglary and larceny, the second, aiding and abetting Henderson, Martin and Dillon in the crime.

The third, conspiring with John W. Bear to procure Henderson, Martin and Dillon to commit the crime.

The objection to the admission of evidence, which would be competent in reference to one count and not another brought out the discussion and resulted in the above motion.

The trial proceeded and Mrs. Sautter continued in her explanation of the conditions in the Yoakum household before and after the robbery, with reference to the trunk. The defense did not cross-examine the witness.

Carl Jacobs, conductor on the Ohio Electric Traction line, was next called. In response to the queries of the prosecutor the witness related the circumstances of the morning of January 10, when he left Lima at 7 o'clock in the morning on the run to Toledo. He heard of the Yoakum robbery before leaving the station at Lima, and at stop No. 4, 2 miles north of the city, two men boarded his car. He stated that the two men went to Deshler, and that in correcting a cash receipt, he had occasion to ask one man his name and he gave the name of James Martin.

The two men left the car at Deshler and the witness pointed them out to Marshall Gray of that village, who followed them.

G. W. Gray, Marshall of Deshler, was next called. He told of Conductor Jacobs pointing out the two men to him and of his following them from the car to a restaurant, following which he requested Mr. Keeler, his assistant to watch them.

About noon of that day he received word from Lima to watch for two men. The witness and assistants then started out to find the men and found them in a B. & O. hay car, and arrested them about 1 o'clock. Authorities from Lima arrived about 6 o'clock in the evening. Prisoners were not searched by Gray only to see if they had guns, and they had guns, and they had not. Witness stated men were found in B. & O. car partially filled with hay. Witness searched surroundings of the car and found guns in a pile near the car, and identified the guns on exhibit as the guns found by him.

Marshall Gray testified that he was

present when Marshall Van Gaster and others found an amount of money and other things in the box car. He stated that with the guns and ammunition he found two bottles of some unknown matter and that he hired a man to bring them to Lima.

Edward Keeler, assistant to Marshall Gray, at Deshler, was next called and related the story of watching the two men who left the car at Deshler on the morning of January 10, and of locating the men in a box car standing on the siding of the B. & O. tracks, and that he pulled the door shut and locked it. He explained further how one of the men cut a hole through the door and a companion of the witness struck the prisoner over the head with a club and they were held under arrest were made by Marshall Gray and assistants.

Judge Armstrong objected to the admission of any evidence of the acts or statements of Henderson and Martin as evidence against the defendant, in which Judge Mathers concurred, but the court stated that the evidence is admissible for the purpose of showing that a crime has been committed and who committed it.

Judge Armstrong submitted authorities for the court's perusal and a recess of 15 minutes was taken at 3 o'clock.

If You Are Worth \$50,000, Don't Read This.

This will not interest you if you are worth fifty thousand dollars, but if you are a man of moderate means and cannot afford to employ a physician when you have an attack of diarrhoea, you will be pleased to know that one of two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy will cure it. This remedy has been in use for many years and is thoroughly reliable. Price 25 cents. For sale by all druggists.

Perry township	213,350
Richland township	379,740
Bluffton	75,140
Shawnee township	171,995
Spencer township	106,350
Spencerville	95,595
Sugar Creek township	168,870
Delphos	173,500
Lima, 1st Ward	182,625
Lima, 2nd Ward	349,570
Lima, 3rd Ward	222,930
Lima, 4th Ward	175,750

Everyone would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? Enterprise Drug Store, M. M. Kottner, Prop.

PRISONERS ARRIVE

To Testify in Two Criminal Cases.

John Henderson, James Martin, Thomas Dillon and Tony Williams were brought to this city from the penitentiary at noon today. The first three were brought to testify in the case of the State of Ohio against Chris Geiger, and Williams to testify in the cases of the State vs. Edward Mines, which is assigned for trial Thursday.

Guard Peter Faith, Henry Heret and Chris Naar, the Ohio Penitentiary accompanied the prisoners.

AMBULANCE CALL.

Mrs. Earl Jennings was moved from her home at 339 east North street, to the City hospital yesterday evening in the Williams & Davis ambulance.

Hollister's Rocky Mountain Tea should be a toilet necessity of every lady of social prominence. Makes bright, happy dispositions, perfect complexion. The greatest blood and skin remedy. 35 cents, tea or tablets. H. F. Vorkamp.

REQUIEM MASS

Sung Over the Remains of Miss Werst.

Requiem high mass was sung over the remains of Miss Anna Werst in St. Rose church this morning at 8:10 o'clock by the Rev. A. E. Manning, who also preached the funeral sermon.

The pall bearers were Anthony, Fred, Charles and Harry Plim, four first cousins of the deceased. The casket was covered with beautiful floral designs and the services were attended by a large concourse of friends of the bereaved family.

The following relatives from a distance were in attendance at the funeral: Mrs. Louis Winesgarner, Mrs. Magdalena Smith, of Sidney; Mrs. John Franz, of Piqua; Mr. and Mrs. John Cole, Philip Werst, J. E. Werst and Miss Amelia Werst, of Wapakoneta; Miss Mary Amann, of Chicago; Mrs. Mat Blasing, Mrs. Murray, Miss Cecelia Amann, and Fred Winkler, of Fort Wayne, Indiana.

THE DRY GOODS, DRESS GOODS AND SUIT HOUSE.

Tuesday, June 22, 1938.

Weather—Showers.

221-223 North Main Street.

Smart Clothes for Practical Men.

Every Garment That Bears the Eilerman Clothing Co's Label possesses an individuality That is Noted Anywhere and Everywhere.

As a contemporaneous writer cleverly puts it. "to attain any high degree of perfection we must be in earnest in our labors," earnestness has ever been a prime factor in Eilerman's uninterrupted progress; for 23 years Eilerman's have been earnestly enthusiastically serving the public, devoting its best efforts to the better manufacturing and retailing of ready-to-wear clothing.

The bulk of the men of Lima and the great tributary surrounding rely upon Eilerman to supply their clothing needs; it really does not matter what price you wish to pay for a suit, you can save money by purchasing here.

The Lines at \$7.50 \$10 \$12 \$15 \$18 \$20

Are the largest and most complete exhibited by any clothing store in existence, and each affords such a wide and diversified range of styles and patterns that every man may find just the suit of his choice at just the price he wants to pay. Eilermans are doing the Clothing business because they deserve to—because its greater purchasing power, together with the fact that they make all their own clothing and its small margin-of-profit plan of merchandising, enables them at all times to give the maximum of value at the minimum of price.

Public Square, **Eilerman** Lima, Ohio.

Farrepost Makers and Distributors of Men's and Boys' Clothes
